Description of the Club Activity:

Introduction: On August 26, 2023, another successful club activity was organized by our club. This time, the event focused on anchoring. Students were grouped and tasked with hosting various events, each assigned a specific event name.

Motive:

The primary objectives of this activity were:

- To boost the students' confidence on stage.
- To encourage active participation among students.
- To equip them with the skills needed for future event anchoring

Meeting details:

1. **Welcome Address and Session Hosting**: Mr. Dhaval Purohit extended a warm welcome to all faculty and student members attending the meeting.
2. **Information about the Club Activity**: Mr. Mayur Chotaliya provided a detailed explanation of the essential steps an anchor must follow when hosting an event. He shared his own experiences and insights gained from previous anchoring engagements.
3. **Anchoring Activity**: Students were randomly assigned event names using a chit method. They were then given 25 minutes to prepare their anchoring scripts. After this preparation time, students were called to the stage to host their assigned events either individually or in groups. Faculty members provided constructive feedback for potential improvements.
4. **Expectations and Contributions**: All student members actively participated in the discussion, sharing their expectations for future club gatherings. This discussion generated various ideas for future activities.
5. **Decisions on Upcoming Activities**: The club members finalized upcoming activities and extempore sessions. Detailed information about these activities will be communicated to all members well in advance.
6. **Conclusion**: The meeting concluded with enthusiastic support from all students, followed by the singing of the National Anthem, symbolizing unity and patriotism.
