

DrillBit Plagiarism Software

DrillBit, plagiarism detection software, serves a crucial role for both students and instructors, aligning with ICAR Guidelines and fostering research advancement. Its recognition extends to being chosen for inclusion in AICTE NEAT 3.0 and by INFLIBNET Centre for adoption across Indian Universities under the auspices of the Ministry of Education, Government of India.

Moreover, DrillBit distinguishes itself by its capability to identify AI-generated content. Through various techniques, including scrutinizing repetitive phrases or sentences, it effectively detects such content, contributing to maintaining academic integrity.
