A Report on Tree Plantation Organized by NSS Unit of Atmiya University and One Tree Group

Date: 16/07/2023

Duration of Activity: 08 Hour

Venue: Kavi Shree Daad Government Arts & Commerce College, Paddhari

Number of Volunteers Participate: 110 participants

A Tree plantation program was arranged on 16th July 2023, Sunday by NSS unit of Atmiya University at Kavi Shree Daad Government Arts & Commerce College, Paddhari in collaboration with the One Tree NGO of Rajkot.

A team of 110 students from NSS and NCC along with 4 faculty members Prof. Yuvrajsinh Kanchava from NSS, Lt. Jaypalsinh Jadeja, Lt. Dharmistha Vala and Mr. Priyajeetsinh Jadeja from NCC and Mr. Manav Rathod ex-student and NCC Cadet actively participated in the tree plantation activity. Mr. Navneetbhai Agravat and his team from the One Tree NGO, Rajkot helped in identifying the location for plantation and procuring the tree saplings.

Mr. Navneetbhai Agravat explained the need for conservation of nature by planting the trees and using the resources rightly to the students along with its benefits. More than 900 tree saplings were planted of 25 different varieties. Mr. Manav Rathod helped in coordinating with activity with the fresh batch of volunteers and guided them.

Two earth augers were used for making holes in the ground along with five Hoe and five pickaxes. Volunteers did all the work with great enthusiasm and fun and completed the plantation within 4 hours. After planting the tree saplings it were watered by the volunteers.

After completing the plantation, refreshment snacks were arranged for the volunteers. All the volunteers along with faculty members enjoyed the refreshment snacks with the team of Kavi Shree Daad Government Arts & Commerce College. After refreshment we went for the visit to gaushala at paddhari.

About National Youth Day

National Youth Day is a special day designated to commemorate the Indian thinker, philosopher and social leader, Swami Vivekananda birth anniversary. The Government of India marked 12th January as National Youth Day to celebrate this great man and his achievements.

About Ramakrishna Mission

Ramakrishna Mission is a Hindu religious and spiritual organization headquartered in Belur Math, West Bengal. The mission is named after an Indian spiritual Guru, Ramakrishna Paramahansa. The mission was founded by Ramakrishna's chief disciple, Swami Vivekananda on 1st May 1897. The Mission conducts extensive work in health care, disaster relief, rural management, tribal welfare, elementary and higher education and culture.

About Speakers of the Day

1. Padma Shri Dr. Arunima Sinha:

Padma Shri Dr. Arunima Sinha is the world's first female amputee to scale Mount Everest (Asia), Mount Kilimanjaro (Africa), Mount Elbrus (Europe), Mount Kosciusko (Australia), Mount Aconcagua (South America), Mount Denali (North America) and Mount Vinson (Antarctica). On 12th December 2014, her book 'Born again on the Mountain' was released by Shri Narendra Modi, Hon'ble Prime Minister of India. In 2015, she was awarded Padmashri, the fourth highest civilian award in India. Many universities have given honorary doctorate degrees to her for her extra ordinary achievements.

2. Shri Sharad Vivek Sagar:

Shri Sharad Vivek Sagar is the first Indian to be elected president of the student government at Harvard Graduate School of Education. President Barack Obama invited Sagar to the White House; Forbes listed him on the Global Forbes 30 under 30 lists. Rockefeller Foundation inducted him in the list of 100 next Century innovators. The Nobel Peace Centre invited him to the Noble Peace Prize Ceremony. The Queen of England included him in the Queen's Young Leaders list.

Report On

Rakshin webinar on Stop Child Sexual Abuse - POSCO Act 2012

NSS unit of Atmiya University in collaboration with The Rakshin Project by Sakshi NGO organized a webinar on Stop Child Sexual Abuse - POSCO Act 2012 of 1.5 hours duration on 10th January 2024 from 02:30 pm to 04:00 pm. This was held in online mode where nearly 35 NSS volunteers attended the webinar. We are thankful to the volunteers from Sakshi NGO for giving us a significant understanding of POSCO ACT and Child Sexual Abuse.

Letter of Appreciation:

Letter of Appreciation

This letter of Appreciation is awarded to

Prof. Yuvrajsinh B. Kanchava

Assistant Professor and NSS Program Officer, Atmiya University, Rajkot on 10th January, 2024.

The Rakshin Project by Sakshi extends its deepest gratitude to you for your unwavering support. Your continued collaboration has been instrumental in taking the movement forward, particularly in organizing and facilitating impactful webinar on the 'Prevention of Child Sexual Abuse' in India. It is heartening to see the positive impact these sessions have on the transformation of youth.

Your pivotal role in creating awareness about such critical issues reflects your commitment to the well-being of the community. It is through collective efforts and the support of individuals like you that we can make significant strides in our mission. Once again, we extend our sincere appreciation and hope for your continued support in our mission to make homes a safe space and stop child sexual abuse.

Warm Regards,

Dr. Ramya Nisal
Programme Director,
The Rakshin Project by Sakshi

**Report on
Participation in Gram Sabha at Village Parevala, Rajkot
And
Village Survey and Household Survey by Volunteers of NSS Unit**

Atmiya University has recently adopted 5 villages in the year 2023. One of the villages adopted is Parevala in Rajkot district. On the occasion of 26th January 2024 (Republic Day) 28 volunteers of NSS Unit of Atmiya University with the NSS Programme Coordinator and UBA Coordinator Mr. Yuvrajsinh B. Kanchava visited the Parevala village and participated in the Gram Sabha.

As this villages as adopted recently only, this was the first participation of members from Atmiya University in the Gram Sabha. ~~Shri.~~ Valaji Bhai Vatiya, Sarpanch of the village Parevala and other prominent villagers said they conduct the Gram Sabha on the regular bases. Participating in Gram Sabha is crucial for connecting with villages. During this Sabha all the members of the sabha from the village were made aware about the Unnat Bharat Abhiyan and contribution of participating Institute in this abhiyan.

We discussed about the Village Survey and Household Survey in the Gram Sabha and asked for their permission to conduct the survey in the village. After that the NSS volunteers went for conducting the household survey in the village. Nearly 50 percent of the survey is completed in the village Parevala and remaining will be done very soon in the coming days. On completing the village survey and household survey problem identification will be done based on it and will be discussed in the next Gram Sabha.

Details of the Activity:

The NSS Unit and CSCI of Atmiya University organized the Yuva Sansad 2024 on February 24, 2024. The event aimed to engage students in discussions about national development and youth empowerment.

Objectives:

The primary objectives of Yuva Sansad 2024 were:

- To provide a platform for students to discuss and debate national issues.
- To promote awareness about the role of youth in nation-building.
- To encourage active participation of students in social and political discourse.
- To foster a sense of responsibility and leadership among the youth.

Participants:

The event saw participation from:

- 18 students from various departments of Atmiya University.
- Faculty members and NSS volunteers.
- Local community members and leaders.
- Media representatives.

Activities:

Inaugural Session: The event commenced with an inaugural session where the importance of youth participation in national development was emphasized. Keynote speeches were delivered by faculty members and guest speakers.

Discussion Sessions: The participants engaged in interactive discussion sessions on various topics such as:

Registrar
Atmiya University
Rajkot

- The role of youth in Indian democracy.
- Challenges and opportunities for national development.
- The impact of technology on social and political issues.

Debate Competition: A debate competition was held where students presented their views on contemporary national issues. The competition encouraged critical thinking and public speaking skills among the participants.

Valedictory Session: The event concluded with a valedictory session where the participants shared their experiences and insights gained from the event. Certificates of participation were distributed to all the participants.

Achievements:

- The event successfully engaged 18 students in meaningful discussions about national development and youth empowerment out of which 05 students were selected for State Level Youth Parliament to be held at Gandhinagar, Gujarat.
- Participants gained a deeper understanding of the role of youth in nation-building.
- The event fostered a sense of responsibility and leadership among the students.
- The collaboration between the NSS Unit and CSCI Department strengthened, promoting a culture of active participation and community engagement.

Conclusion

Yuva Sansad 2024 was a successful initiative that provided a platform for students to engage in discussions about national issues and their role in nation-building. The event not only promoted awareness but also encouraged active participation and leadership among the youth.

Details of the Activity: Rifle Shooting

Rifle shooting is a sport and skill involving the use of rifles to hit specific targets. It encompasses various disciplines, each with its own rules, equipment, and techniques. Here's a brief overview:

Main Disciplines

1. **Target Shooting:** Includes Olympic events like 10m Air Rifle and 50m Rifle Prone, as well as smallbore (.22 caliber) and fullbore (larger calibers) shooting.
2. **Hunting:** Using rifles to hunt game animals, requiring marksmanship, tracking skills, and wildlife knowledge.
3. **Field Shooting:** Shooting in natural terrain at varying distances.
4. **Bench rest shooting:** Focuses on precision, aiming for the smallest groupings of shots.
5. **Silhouette Shooting:** Shooting at metal targets shaped like animals from varying distances.
6. **Practical Shooting:** Combines speed and accuracy with multiple targets in different situations.

Equipment

- **Rifles:** Air rifles, smallbore (.22 caliber), fullbore (larger calibers), and custom rifles.
- **Ammunition:** Varies by discipline, with precision ammo for competitive shooting and specific types for hunting.
- **Scopes and Sights:** Includes variable magnification scopes and iron or peep sights.
- **Accessories:** Shooting jackets, mats, bi-pods, and rests for stability and support.

Techniques

- **Stance and Positioning:** Includes standing, kneeling, prone, and sitting, each with specific stability techniques.
- **Breathing Control:** Maintaining steadiness, typically firing during a natural pause in breathing.
- **Trigger Control:** Smooth and consistent pull to avoid jerking or flinching.
- **Aiming:** Proper sight alignment and picture, focusing on the front sight or reticle.
- **Follow-Through:** Maintaining position and focus after the shot for consistency.

Safety

- Treat every firearm as if it's loaded.
- Keep the muzzle pointed in a safe direction.
- Keep your finger off the trigger until ready to shoot.
- Be sure of your target and what's beyond it.
- Follow all range commands and wear appropriate protection.

Details of the Activity: Team Building

Team building activities are essential for fostering collaboration, improving communication, and enhancing interpersonal skills among college students. This report outlines a recent team building event conducted for students at Atmiya University on 08/10/2023. The goal was to strengthen relationships among peers and enhance their ability to work effectively in groups.

Objectives

1. **Enhance Communication Skills:** Encourage students to articulate ideas and listen actively.
2. **Promote Collaboration:** Foster teamwork and collective problem-solving.
3. **Build Trust:** Create a safe environment where students feel comfortable taking risks.
4. **Encourage Leadership:** Provide opportunities for participants to step into leadership roles.

Activity Structure

1. **Introduction (30 minutes)**
 - o Icebreakers to warm up participants.
 - o Explanation of the day's agenda and rules.
2. **Main Activity: The Amazing Race (2 hours)**
 - o Participants were divided into teams of 5-6.
 - o Teams completed a series of challenges at various stations, including:
 - **Puzzle Station:** Collaborate to solve a complex puzzle.
 - **Obstacle Course:** Physical challenges requiring teamwork.
3. **Debrief and Reflection (30 minutes)**
 - o Teams shared their experiences and lessons learned.
 - o Discussion on how these lessons can apply to academic and professional settings.

Outcomes

- **Improved Communication:** Students reported feeling more comfortable discussing ideas openly.
- **Strengthened Relationships:** Participants made new friends and connected with peers from different backgrounds.
- **Increased Engagement:** High levels of enthusiasm and participation were observed throughout the activities.

Feedback

- **Positive Responses:** 85% of participants rated the event as "very enjoyable."
- **Suggestions for Improvement:** Some students suggested incorporating more physical activities and a longer duration for the event.

Conclusion

Overall, the Rifle shooting activity not only provided a unique and engaging experience but also emphasized the importance of safety and responsibility in shooting sports. The team building activity was a resounding success, achieving its objectives of enhancing teamwork, communication, and trust among students. Future events can build on this success by incorporating feedback and introducing new challenges. Continued investment in team building will foster a supportive college environment, crucial for academic and personal growth.

Recommendations

- Plan more frequent team building activities to maintain momentum.
- Diversify the types of activities to cater to varying interests and physical abilities.
- Consider follow-up sessions to reinforce skills learned during the event.

Details of the Activity: Self Defence Training

Physical Techniques

- Martial Arts:**
 - Karate:** Focuses on striking techniques using hands and feet.
 - Judo:** Emphasizes throws and grappling.
 - Taekwondo:** Known for its high, fast kicks.
 - Krav Maga:** A practical and effective self-Defense system developed by the Israeli military.
- Basic Self-Defense Moves:**
 - Strikes:** Punches, palm strikes, elbow strikes, and knee strikes.
 - Kicks:** Front kick, side kick, and roundhouse kick.
 - Blocks:** Techniques to deflect or stop an attack.
 - Escapes:** Moves to break free from holds or grabs.
- Use of Everyday Objects:**
 - Improvised Weapons:** Items like keys, pens, and bags can be used for Defense.
 - Pepper Spray:** A non-lethal option to incapacitate an attacker temporarily.

Mental Strategies

- Situational Awareness:**
 - Being aware of your surroundings and recognizing potential threats.
 - Avoiding risky areas and situations when possible.
- De-escalation Techniques:**
 - Using verbal and non-verbal communication to defuse a potentially violent situation.
 - Remaining calm and composed to avoid escalating the conflict.
- Confidence and Assertiveness:**
 - Projecting confidence through body language and voice to deter potential attackers.

Legal Principles

- Self-Defense Laws:**
 - Laws vary by jurisdiction but generally allow individuals to use reasonable force to protect themselves.
 - Duty to Retreat:** In some places, individuals must try to retreat before using force.
 - Stand Your Ground:** In other areas, individuals have the right to use force without retreating if they are in a place they have a legal right to be.
- Proportionality:**
 - The level of force used in self-Defense must be proportional to the threat faced.
 - Excessive force beyond what is necessary to neutralize the threat can lead to legal consequences.

Training and Preparation

1. **Self-Defense Classes:**
 - Many communities offer self-Defense courses that teach practical techniques and strategies.
 - Classes can range from basic introductions to advanced training.
2. **Regular Practice:**
 - Like any skill, self-Defense techniques require regular practice to be effective.
 - Practicing with a partner or in a controlled environment helps build muscle memory and confidence.
3. **Fitness and Conditioning:**
 - Physical fitness improves the ability to execute self-Defense techniques effectively.
 - Strength, endurance, and flexibility are all important aspects of self-Defense training.

Psychological Aspects

1. **Mindset:**
 - Developing a strong, determined mindset to react decisively in dangerous situations.
 - Overcoming fear and panic through mental preparation and training.
2. **Post-Incident Considerations:**
 - Understanding the potential psychological impact of a self-Defense situation.
 - Seeking support or counselling if needed to process the experience.

Details of the Activity: Moon Gazing

Moon gazing is the practice of observing the Moon, often for pleasure, scientific study, or cultural and spiritual reasons. Here’s an overview of moon gazing, including tips, techniques, and some interesting facts about the Moon:

Tips for Moon Gazing

1. **Timing:**
 - o **Phases of the Moon:** The Moon’s appearance changes in a cycle lasting about 29.5 days. Key phases include new moon, first quarter, full moon, and last quarter.
 - o **Best Time:** Observing during the first and last quarters offers the best views of the lunar surface’s details due to the shadows cast by the sunlight.
2. **Location:**
 - o Choose a dark, open area away from city lights to minimize light pollution.
 - o Higher elevations can provide clearer views.
3. **Equipment:**
 - o **Naked Eye:** Many features of the Moon are visible without any equipment.
 - o **Binoculars:** Provide a closer view and can reveal more details.
 - o **Telescope:** Offers detailed views of the lunar surface, including craters, mountains, and maria (dark plains).
4. **Comfort:**
 - o Bring a chair or blanket to sit on.
 - o Dress warmly if observing at night or in cooler weather.

Techniques for Moon Gazing

1. **Observation:**
 - o Start by observing the entire Moon and then focus on specific features.
 - o Note the changes in appearance over several nights to observe the lunar cycle.
2. **Photography:**
 - o Use a camera with a good zoom lens or attach a camera to a telescope.
 - o A tripod helps to stabilize the camera for clearer shots.
3. **Drawing and Mapping:**
 - o Sketch the lunar surface to improve observational skills and understanding of lunar geography.
 - o Use lunar maps to identify and learn about specific features.

Interesting Facts about the Moon

1. **Lunar Surface:**
 - o The Moon’s surface is covered with craters, formed by meteorite impacts.
 - o The dark areas, called maria, are plains of basaltic rock formed by ancient volcanic eruptions.

Registrar
Atmiya University
Rajkot

2. **Phases of the Moon:**
 - o The Moon’s phases are caused by its orbit around Earth, changing how much of its surface is illuminated by the Sun.
3. **Eclipses:**
 - o **Lunar Eclipse:** Occurs when Earth passes between the Sun and the Moon, casting a shadow on the Moon.
 - o **Solar Eclipse:** Occurs when the Moon passes between the Sun and Earth, casting a shadow on Earth.
4. **Tidal Effects:**
 - o The Moon’s gravitational pull affects Earth’s tides, causing high and low tides.
5. **Human Exploration:**
 - o The first manned moon landing was Apollo 11 in 1969, with astronauts Neil Armstrong and Buzz Aldrin.

Cultural and Spiritual Significance

1. **Mythology and Folklore:**
 - o Many cultures have myths and legends about the Moon, often attributing it with various deities or mystical powers.
2. **Lunar Calendars:**
 - o Some cultures use lunar calendars based on the Moon’s phases, such as the Islamic and Hebrew calendars.
3. **Meditation and Reflection:**
 - o Moon gazing can be a meditative practice, promoting relaxation and a sense of connection to nature.

Observing Lunar Events

1. **Supermoons:**
 - o Occurs when the Moon is at its closest point to Earth in its orbit, appearing larger and brighter than usual.
2. **Blue Moons:**
 - o Refers to the second full moon in a calendar month, a relatively rare event.
3. **Harvest Moons:**
 - o The full moon closest to the autumnal equinox, historically important for agriculture.

Details of the Activity: Map Reading

Map reading is the skill of interpreting and understanding the symbols, scales, and features represented on a map to navigate or understand a geographical area. Here's a detailed guide to map reading:

Basic Elements of a Map

1. **Title:** Indicates the purpose or area covered by the map.
2. **Legend (Key):** Explains the symbols and colors used on the map.
3. **Scale:** Shows the relationship between distances on the map and actual distances on the ground (e.g., 1 inch = 1 mile).
4. **Compass Rose:** Indicates the cardinal directions (north, south, east and west).
5. **Grid System:** Helps in pinpointing exact locations using coordinates (latitude and longitude or a grid reference system).

Types of Maps

1. **Topographic Maps:** Show elevation and terrain features using contour lines.
2. **Political Maps:** Highlight boundaries between countries, states, and cities.
3. **Physical Maps:** Display natural features like mountains, rivers, and lakes.
4. **Thematic Maps:** Focus on specific themes like population density, climate etc.
5. **Road Maps:** Detail highways, roads, and routes for navigation.

Reading Techniques

1. **Orienting the Map:**
 - o Align the map with the cardinal directions using a compass.
 - o Match landmarks on the map with those in the real world.
2. **Interpreting Contour Lines:**
 - o Close contour lines indicate steep terrain; widely spaced lines indicate gentle slopes.
 - o Contour lines forming circles denote hills (with the innermost circle being the summit) or depressions (often marked with hachure).
3. **Using the Scale:**
 - o Use the scale to estimate distances between points on the map.
 - o Convert map measurements to real-world distances using the given scale.
4. **Reading Coordinates:**
 - o Latitude and Longitude: Latitude lines run parallel to the equator; longitude lines run from pole to pole.
 - o Grid References: Use the grid system to pinpoint locations (e.g., UTM, MGRS).
5. **Understanding Symbols:**
 - o Refer to the legend to interpret symbols for roads, trails, buildings, water features, and other landmarks.

Details of the Activity: Public Speaking

Public speaking is the act of delivering a speech or presentation to an audience. It is a valuable skill for conveying information, persuading others, and enhancing personal and professional communication. Here's a detailed guide to public speaking:

Preparing for a Speech

- 1. Understand Your Audience:**
 - Know the demographics, interests, and knowledge level of your audience.
 - Tailor your content to meet their expectations and needs.
- 2. Research Your Topic:**
 - Gather accurate and relevant information.
 - Organize your points logically.
- 3. Create an Outline:**
 - Introduction: Grab attention, introduce the topic, and state your purpose.
 - Body: Present your main points with supporting evidence.
 - Conclusion: Summarize key points and leave a lasting impression.
- 4. Practice:**
 - Rehearse your speech multiple times.
 - Practice in front of a mirror or record yourself to review your delivery.

Delivering the Speech

- 1. Confidence and Poise:**
 - Maintain good posture and make eye contact with the audience.
 - Use confident body language and gestures.
- 2. Voice and Articulation:**
 - Speak clearly and at an appropriate volume.
 - Use variations in pitch, pace, and tone to maintain interest.
- 3. Engagement:**
 - Involve your audience by asking questions or inviting participation.
 - Use anecdotes, humor, or interesting facts to keep the audience engaged.
- 4. Visual Aids:**
 - Use slides, charts, or props to enhance understanding and retention.
 - Ensure visual aids are clear and not overly complex.
- 5. Handling Nervousness:**
 - Practice deep breathing or relaxation techniques.
 - Focus on the message rather than the audience's reaction.

Managing Q&A Sessions

- 1. Prepare for Questions:**
 - Anticipate potential questions and prepare responses.
 - Be ready to clarify or elaborate on key points.

Registrar
Atmiya University
Rajkot

2. Listen and Respond:

- o Listen to the entire question before responding.
- o Keep answers concise and to the point.

3. Stay Calm and Professional:

- o Handle difficult questions with patience and respect.
- o Admit if you don't know an answer and offer to follow up later.

Outcome of the Activity:

Both map reading and public speaking are essential skills that enhance personal and professional capabilities. Mastering map reading helps in navigation and understanding geographical information, while effective public speaking improves communication, persuasion, and leadership abilities. Both skills require practice, preparation, and confidence to execute successfully.

Atmiya University, Rajkot

Jai Hind Sir,

I am writing to you on behalf of Invincible - Youth run NGO. Invincible is India's largest adventure organization. We are having MoU with Atmiya University for youth empowerment.

Invincible has initiated the 'No Drugs Campaign' with the objective of fostering awareness regarding drug abuse and cultivating a drug-free environment. As part of this campaign, The team has organized a 1100 km cycling and bike ride to engage with the youth across Gujarat. The expedition is set to kick off on January 17, and will culminate on January 26 in Ahmedabad. Over the course of these 10 days, the team will visit various educational institutions to educate and sensitise students on the critical issue of drug abuse.

It is very important that students and youth become aware of drug abuse and its long-term impacts. We are planning to organize 75+ awareness seminars at various schools and colleges during ride. **We kindly request to allow us to organise “Drug Awareness” seminar for students. We need approximate 1 hr to conduct this seminar. Additionally, we have planned a Human Chain event at the race course on the same day. We kindly request permission for students to participate in this event. On the same day, January 18th, we have organized a Cyclothon for Drug Awareness. We kindly request the provision of the ground for the flag-off ceremony for this event in the evening.** This permission to interact with students would aware them and provide a much-needed boost to our awareness campaign efforts.

Willing for a your support! Jai Hind!
Yours Sincerely,

NDC Outreach Team

Details of the Event: Youth Conference

A youth conference was planned at Atmiya University from 11:00 AM to 12:30 PM. To discuss the drug problem distinguished guest panelists from various fields were invited. The panel discussion provided students with insights into the real scenario of drug abuse and its solutions. 200 students from Atmiya University participated in it.

Guest Panelists:

1. Shri. D. B. Kher (SOG)
2. Colonel P. P. Vyas (Indian Army Veteran)
3. Mr. Amiraj Khavad (Assistant commissioner)
4. Mr. Rushiraj Mori (Youth Icon & Founder, Invincible NGO)
5. Dr. Ghanshyam D. Acharya (Professor Emeritus, Atmiya University)
6. Mr. Vijay Chauhan (Asst. Prof. Department of Pharmacy, FoHS, Atmiya University)

Mr. Amiraj Khavad (Assistant commissioner) discussed about the cases of youth involved in drugs consumption of buying & selling coming to the police department.

Dr. Ghanshyam D. Acharya placed emphasis on the values and relationships. He shared about how a person can keep away from drugs and other substance abuse by having a strong hold on values and good relationships within the family, friends, peers, colleagues and teachers.

Mr. Rushiraj Mori shared about the entire initiative for eradicating the substance abuse and drugs consumption all over the nation taken up by the Invincible NGO.

Mr. Vijay Chauhan discussed about the profound effects of drugs on the brain's neurotransmitter systems, including dopamine and other hormones. Here's a summary of how different classes of drugs impact the systems:

Dopamine

Stimulants (e.g., cocaine, amphetamines):

- Mechanism: Increase dopamine release and/or block its reuptake, leading to higher dopamine levels in the brain.
- Effects: Enhanced mood, increased energy, and feelings of euphoria. Long-term use can lead to addiction, tolerance, and depletion of dopamine, causing depression and anhedonia (inability to feel pleasure).

Opiates (e.g., heroin, morphine):

- Mechanism: Bind to opioid receptors, indirectly increasing dopamine levels by inhibiting the release of GABA (an inhibitory neurotransmitter).
- Effects: Pain relief, euphoria, and a sense of well-being. Long-term use can lead to physical dependence and addiction.

Registrar
Atmiya University
Rajkot

Cannabis:

- Mechanism: THC (the active component) binds to cannabinoid receptors, indirectly affecting dopamine release.
- Effects: Mild euphoria, relaxation, and altered perception. Chronic use can lead to changes in brain function and potential cognitive impairments.

Serotonin

Antidepressants (e.g., SSRIs like fluoxetine):

- Mechanism: Block the reuptake of serotonin, increasing its availability in the brain.
- Effects: Improved mood and reduced symptoms of depression and anxiety. Can take weeks to become effective.

MDMA (Ecstasy):

- Mechanism: Increases the release and inhibits the reuptake of serotonin.
- Effects: Enhanced mood, empathy, and sensory perception. Can lead to serotonin depletion and neurotoxicity with long-term use.

Norepinephrine

Stimulants (e.g., amphetamines):

- Mechanism: Increase the release and block the reuptake of norepinephrine.
- Effects: Increased alertness, focus, and energy. Can cause anxiety, hypertension, and insomnia with excessive use.

Antidepressants (e.g., SNRIs like venlafaxine):

- Mechanism: Block the reuptake of norepinephrine and serotonin.
- Effects: Improved mood and energy levels. Can lead to side effects such as increased heart rate and blood pressure.

GABA

Benzodiazepines (e.g., diazepam, alprazolam):

- Mechanism: Enhance the effect of GABA, an inhibitory neurotransmitter.
- Effects: Reduced anxiety, sedation, and muscle relaxation. Long-term use can lead to tolerance, dependence, and withdrawal symptoms.

Registrar
Atmiya University
Rajkot

Alcohol:

- Mechanism: Enhances GABA activity and inhibits glutamate (an excitatory neurotransmitter).
- Effects: Relaxation, reduced anxiety, and impaired motor function. Chronic use can lead to dependence, tolerance, and various health issues.

Endorphins

Opiates:

- Mechanism: Mimic the action of endorphins by binding to opioid receptors.
- Effects: Pain relief, euphoria, and a sense of well-being. Can lead to addiction and physical dependence.

Hormonal Effects

Corticosteroids:

- Mechanism: Mimic cortisol, the body's stress hormone.
- Effects: Reduced inflammation and immune response. Long-term use can lead to weight gain, osteoporosis, and other metabolic changes.

Anabolic Steroids:

- Mechanism: Mimic testosterone, promoting muscle growth and increased strength.
- Effects: Increased muscle mass and strength. Long-term use can lead to hormonal imbalances, mood swings, and various health risks.

The effects of drugs on dopamine and other hormones are complex and vary depending on the substance, dosage, and duration of use. While some drugs can offer therapeutic benefits, others pose significant risks of addiction, dependence, and long-term health issues. Understanding these effects is crucial for developing effective treatments and harm reduction strategies.

Details of the Activity: Fire Safety Management

Objectives

- To raise awareness about fire safety among the college community.
- To implement effective fire safety practices and procedures.
- To conduct regular training and drills to prepare for potential fire emergencies.

Fire safety involves practices and measures designed to prevent fires and protect lives and property in the event of a fire. Here's an overview of key fire safety principles:

Fire Prevention

1. **Eliminate Fire Hazards:**
 - a. Keep flammable materials away from heat sources.
 - b. Ensure electrical wiring and appliances are in good condition.
 - c. Avoid overloading electrical outlets and circuits.
2. **Proper Storage:**
 - a. Store flammable liquids in appropriate containers and locations.
 - b. Keep combustible materials like paper and cloth away from heat sources.
3. **Safe Cooking Practices:**
 - a. Never leave cooking unattended.
 - b. Keep flammable items away from the stove or oven.
 - c. Use a timer to remind you of cooking tasks.
4. **Heating Safety:**
 - a. Keep portable heaters away from flammable materials.
 - b. Regularly inspect and maintain heating equipment.
5. **Smoking Safety:**
 - a. Avoid smoking indoors.
 - b. Use deep, sturdy ashtrays and ensure cigarettes are completely extinguished.

Fire Detection and Alarms

1. **Smoke Alarms:**
 - Install smoke alarms on every level of your home and inside bedrooms.
 - Test alarms monthly and replace batteries annually.
2. **Carbon Monoxide Detectors:**
 - Install carbon monoxide detectors near sleeping areas and on each level of your home.
 - Test detectors regularly and replace them according to the manufacturer's guidelines.

Installation and Maintenance of Fire Safety Equipment

1. **Updates:** Smoke detectors, fire alarms, and extinguishers were inspected and updated as necessary. New units were installed in high-risk areas.

**Registrar
Atmiya University
Rajkot**

2. **Compliance Check:** All equipment is in compliance with local fire codes and regulations.

Fire Response and Evacuation

1. **Fire Escape Plan:**
 - o Create a fire escape plan that includes two exits from every room.
 - o Practice the plan regularly with all household members.
2. **Know the Exits:**
 - o Familiarize yourself with the exits in public places like theaters, restaurants, and hotels.
 - o Make sure exits are unobstructed and easily accessible.
3. **Use of Fire Extinguishers:**
 - o Know how to use a fire extinguisher (PASS: Pull the pin, Aim at the base of the fire, Squeeze the handle, and Sweep side to side).
 - o Ensure extinguishers are accessible and regularly maintained.
4. **Stop, Drop, and Roll:**
 - o If your clothes catch fire, stop, drop to the ground, cover your face with your hands, and roll to smother the flames.
5. **Call Emergency Services:**
 - o Call emergency services (911 or local emergency number) immediately if a fire occurs.
 - o Provide clear information about the location and nature of the fire.

Recommendations

- Increase promotional efforts for training sessions to boost participation.
- Allocate budget for necessary fire safety upgrades and maintenance.
- Schedule additional drills to familiarize new students with safety procedures.

Conclusion

The fire safety management activity made significant strides in improving awareness and preparedness among the students. Continued efforts and improvements are essential to maintain a safe educational environment.

Details of the Activity: Stress Management

Objectives

- To raise awareness about stress and its effects on mental health.
- To provide tools and techniques for effective stress management.
- To create a supportive environment for open discussions about mental health.

Understanding Stress

1. **Identify Stressors:**
 - Recognize the sources of stress in your life, whether they are work-related, personal, or environmental.
2. **Recognize Symptoms:**
 - Be aware of physical symptoms (headaches, fatigue, muscle tension), emotional symptoms (anxiety, irritability, depression), and behavioral symptoms (overeating, substance abuse).

Stress Management Techniques

1. **Physical Activity:**
 - Regular exercise, such as walking, running, yoga, or strength training, helps reduce stress and improve mood.
 - Aim for at least 30 minutes of moderate exercise most days of the week.
2. **Healthy Diet:**
 - Eat a balanced diet rich in fruits, vegetables, whole grains, and lean proteins.
 - Avoid excessive caffeine, alcohol, and sugar.
3. **Adequate Sleep:**
 - Aim for 7-9 hours of quality sleep per night.
 - Establish a regular sleep schedule and create a relaxing bedtime routine.
4. **Relaxation Techniques:**
 - Practice deep breathing exercises, progressive muscle relaxation, or guided imagery.
 - Engage in activities like meditation, mindfulness, or tai chi.
5. **Time Management:**
 - Prioritize tasks and break them into manageable steps.
 - Use tools like to-do lists, calendars, and planners to stay organized.
6. **Social Support:**
 - Connect with friends, family, and support groups.
 - Share your feelings and seek advice or assistance when needed.
7. **Hobbies and Leisure Activities:**
 - Engage in activities you enjoy, such as reading, gardening, painting, or playing music.
 - Make time for leisure and relaxation.

Cognitive and Behavioral Techniques

1. **Positive Thinking:**
 - Challenge negative thoughts and replace them with positive, realistic ones.
 - Practice gratitude by regularly reflecting on things you are thankful for.
2. **Problem-Solving:**
 - Approach stressful situations with a problem-solving mindset.
 - Identify possible solutions and take proactive steps to address issues.
3. **Setting Boundaries:**
 - Learn to say no to unreasonable demands.
 - Set clear boundaries to protect your time and energy.
4. **Seeking Professional Help:**
 - If stress becomes overwhelming, consider seeking help from a therapist or counselor.
 - Professional support can provide additional coping strategies and emotional support.

Outcome of the Activity:

Both fire safety management and stress management are crucial for maintaining a safe and healthy life. Practicing fire safety can prevent accidents and ensure quick, effective responses in case of emergencies. Stress management techniques help in maintaining mental and physical well-being, improving overall quality of life. Regularly educating oneself and staying proactive in these areas can lead to a more secure and balanced lifestyle.

Date: 16-07-2023	Organizing Unit :NCC Unit, Atmiya University
Name of the Activity: one tree program	Number of Students: 127

Details of The Activity:

Tree plantation is very much required in countries where deforestation has increased a lot. This tree plantation activity was organized by the university and NCC Unit, Atmiya University. Entire planning of activity was done by Lt. Dharmishtha Vala & Mr. Priyajitsinh Jadeja. In which a total of 127 cadets participated and planted different types of trees. The purpose of doing activities like tree plantation is to make the cadets realize their responsibility towards the environment. Cadets were able to participate in the effort to improve our environment by planting more and more trees.

Subject: - Submitting testimonials of 1st Jeevan Vidhya - Introductory workshop and request for 2nd Shivr at SRPF Group 13, Ghanteshwar, Rajkot.

I am writing to convey my heartfelt gratitude for helping us organize our 1st Jeevan Vidhya - Introductory workshop for 100 plus officers and jawans of SRPF group 13, Ghanteshwar, Rajkot at our campus from 01/01/2024 to 07/01/2024 by allocating Mr. Ankit Kalariya as resource person.

The Shivr was extremely successful and has left a long lasting impact on the participants. This will definitely shape their personal and professional life positively. Many of them are willing to study this Darshan in detail in future. Mr. Ankit Kalariya has done a very mature and interesting probadhan in simple language and we are grateful to him for the same.

I am attaching Group photograph, copy of banner and copy of press releases herewith as required.

I'm also requesting Resource Person for our 2nd Shivr, proposed to be organized from 15/01/24 to 21/01/24 (7 Days) at our campus. Looking at enormous possibilities of positive outcomes of this workshop, you are humbly requested to allocate one seasoned Prabodhak from your team.

Thanking you,

Yours Sincerely,

circumstances permit, we wish to conduct a whole series of this shivirs for all our 1000 plus officers, jawans and their families as well.

In that case our professionally conducted study on impact of this content on personal, professional, social life of these trainees will be extremely useful in spreading this content to other police units and make it part of basic training of all police officers and jawans.

I'm confident that this training will bring a considerable shift in way of thinking, behaving and functioning of our force. Looking at enormous possibilities of positive outcomes of this workshop, you are humbly requested to permit Mr. Ankit Kalariya to conduct the shivir as resource person and Ms. Darshana Vithalani to undertake the study on impacts of shivir.

સ્નેહીશ્રી *(સુધા પાઠેચ)*,

રાજ્ય અનામત પોલીસ દળ (SRPF) જૂથ ૧૩, રાજકોટના કેમ્પસમાં જૂથના ૧૦૦ જેટલા અધિકારીઓ અને જવાનો માટે તા.૦૫ ફેબ્રુઆરી થી ૧૧ ફેબ્રુઆરી ૨૦૨૪ સુધી ૭ દિવસની જીવનવિદ્યા પરિચય શિબિરનું આયોજન કરવામાં આવ્યું.

આત્મીય યુનિવર્સિટીના સહયોગથી આયોજિત આ શિબિરમાં આપશ્રીએ પ્રબોધક તરીકે પધારી અમારા પોલીસ સ્ટાફ માટે આ અતિ ઉપયોગી કાર્યક્રમને સફળ બનાવેલ છે. આપના સહયોગથી સંપન્ન થયેલ એસ.આર.પી. કેમ્પસની આ ત્રીજી શિબિરથી અત્રેના કેમ્પસમાં જીવનવિદ્યા શિબિરની શુંખલા બનેલ છે. આ કાર્યક્રમ અમારા સ્ટાફ તથા તેમના પરિવારજનોના વ્યક્તિગત, પારિવારિક, વ્યવસાયિક, સામાજિક જીવનમાં નોંધપાત્ર પરિવર્તનો લાવશે તેમાં શંકાને સ્થાન નથી.

જૂથના સેનાપતિ તરીકે હું આપશ્રીની સેવાને બિરદાવું છું અને ભવિષ્યમાં પણ આ કાર્યક્રમમાં આપનો સહયોગ બની રહેશે તેવી આશા રાખું છું.

ઘંટેશ્વર એસઆરપી કેમ્પમાં જીવનવિદ્યા શિબિર યોજાઈ

શિબિરના કારણે જૂથના અધિકારીઓ અને જવાનોના વ્યક્તિગત, પારિવારિક, સામાજિક અને વ્યવસાયિક જીવનમાં સકારાત્મક પરિવર્તનો આવ્યા છે: સેનાપતિ સુધા પાનેડે

રાજકોટ, તા.૮

રાજ્ય અનામત પોલીસ દળ (એસઆરપી) જૂથ ૧૩, રાજકોટના કેમ્પમાં તા. ૧/૩ થી ૭/૩ સુધી આત્મીય યુનિવર્સિટીના સહયોગથી સાત-સાત દિવસની કુલ ૪ જીવનવિદ્યા પરિચય શિબિરો યોજાઈ

હતી. જેમાં આત્મીય યુનિવર્સિટીના પ્રોફેસરો અંકિત કાલરીયા, મનહરભાઈ કગધરા, ચેતનાબેન ઝાલા તથા જય પટેલ દ્વારા પ્રબોધન કરવામાં આવ્યું. માનવજીવનના તમામ આયમો, સ્વયં, પરિવાર, સમાજ, પ્રકૃતિ તથા સમગ્ર અસ્તિત્વમાં

પ્રવર્તતી વ્યવસ્થાને સમજીને આ વ્યવસ્થામાં ભાગીદાર થઈ સુખપૂર્વક જીવવાની યાત્રા આ શિબિરથી મળે છે. આ ચોથી જીવનવિદ્યા શિબિર યોજાઈ હતી. એસઆરપી જૂથના સેનાપતિ સુધા પાનેડે (આઈપીએસ) ના જણાવ્યા મુજબ, આ શિબિરના કારણે જૂથના અધિકારીઓ અને જવાનોના વ્યક્તિગત, પારિવારિક, સામાજિક અને વ્યવસાયિક જીવનમાં સકારાત્મક પરિવર્તનો આવી રહેલ છે અને હાલમાં એસ.આર.પી. કેમ્પમાં ખૂબ સારું વાતાવરણ ઉભું થઈ રહેલ છે. ભવિષ્યમાં પણ એસઆરપી કેમ્પમાં કેમ્પના જવાનો ઉપરાંત તેમના પરિવારજનો અને બાળકો માટે પણ આ શિબિર યોજવાની બાબત વિચારણા હેઠળ છે.

Subject: - Submitting testimonials of 4th Jeevan Vidhya- Introductory workshop
at SRPF Group 13, Ghanteshwar, Rajkot.

I am writing to convey my heartfelt gratitude for helping us organize our 4th JeevanVidhya - Introductory workshop for 100 plus officers and jawans of SRPF group 13, Ghanteswar, Rajkot at our campus from 01/03/2024 to 07/03/2024 by allocating Mr. Ankit Kalariya as resource person.

This Shivir and two earlier shibirs by Shri Manhar bhai Kagathra, Mrs. Chetana ben Jhala and Mr. Jay Patel were all extremely successful and have produced desired impact. I am extremely grateful to Atmiya University for extending this generous support. I am sure together we can produce lasting impact and results in society. Local press has widely covered the event.

I am attaching Group photograph, copy of banners and copies of press releases herewith as required.

Thanking you,

We got an invitation to conduct **7-days Faculty Development Introductory workshop Jeevan Vidya (Propounded by Shri A. Nagraj) for SRPF** Group 13, Ghanteswar campus, Rajkot. In workshop beneficiary participants were 1 IPS officer, 7 PSI, 80+ head constable and constable, 10 family member and 1 B.Tech IT student from Atmiya University. Thus workshop conducted by Mr. Ankit K. Kalariya very well. The response of all the participant was very joyful and they had asked many crucial questions related to their personal life, Relationship, Current society problems, Nature and Existence. In workshop it is also discussed how to face this all problem by education. This event is also noticed by different state newspaper. Overall the workshop was a big success for us and for the participants also.

We are very fortunate to have chance to showcase us outside our campus and thankful to the management of Atmiya University to believe in us.

Subject: - Request letter to conduct Jeevan Vidhya - Introductory workshop for 100 odd officers and jawans of SRPF Group 13, Ghanteswar, Rajkot.

Respected Sir,

It is very heartening to acknowledge that with support of Atmiya University SRPF Gr. 13 has been able to organize three Jeevan Vidhya - Introductory workshops for officers and jawans of SRPF group 13, Ghanteswar, Rajkot in last two months. Around 300 people have participated in these workshops and many have attended more than one shivirs. We notice a new enthusiasm in our men and positive vibes in atmosphere of the campus as a result of these Shivirs.

Today, I am writing to request forth Jeevan Vidhya Shivir at our campus from 01/03/2024 to 07/03/2024 (7 days), and allocate Mr. Ankit Kalariya as resource person for the same.

Im sure that our combined effort of imparting this value-based learning to our force will help our officers and jawans in leading a more meaningful, fruitful and happier personal and professional life and they in turn will be able to contribute positively in service of society, nation and humanity as a whole.

Brief Description of the Event	
<p>K.J.CAMPUS Savli has organized Faculty Development Program 'Introduction to Jeevan Vidya workshop' on 20/11/2023 to 25/11/2023. Jeevan Vidya Shivar was hosted by Mr. Ankit Kalariya Professor of Atmiya University, Rajkot. This shivar had continued for 6 days. Faculties of K. J. Institute of Engineering and Technology, S. B. Polytechnic, K. J. Institute of Ayurveda & Research and K. J. Vidhyamandir School have participated wholeheartedly. 'Jeevan Vidya' is a proposal to understand all of Life. It is based on a new Darshan (philosophy). It provides comprehensive clarity on all aspects of Reality & the Human Being. The study is through objective inquiry, self-scrutiny & examination. These 6-days Jeevan Vidya Shivar, will help teachers in building their capacity to find those gaps present in the education system and fill them. Jeevan Vidya Shivar is a</p>

co-existence workshop based on the Co-existential philosophy of **Shri. A Nagraj**. It is a proposal to understand all of Life and provides comprehensive clarity on all aspects of Reality and the Human Being. It provides resolutions for our multidimensional dichotomies and problems - via awareness and consciousness development. It offers a new direction for humans to live wholesome, coherent, and meaningful lives. It is also an opportunity for the teachers to assess how the education they have received has helped them become good professionals as well as good human beings. If teachers will be able to do this, then they will get successful in connecting the dots and guiding the students better. They will be able to help their students to become better human beings who will then serve the nation as well as society wholeheartedly. After attending session 1 and session 2 of seminar we had Group Discussion. There were total 5 groups differentiated by Ankit Sir. In the GD session we discussed about what we understood from the session on the daily bases and we also discussed about the video that was sent in the groups. We also tried to resolve the minor problems of our daily lifestyle. At the end of 6th day we had feedback session in which each and every faculty had to share their honest review or perspective about what they understood from the Shivar. We thank our Trustee Mr. Samir Pandya to organize such a knowledgeable

workshop for the development of All faculties of KJIT Campus.

About us

The Department of Microbiology of Atmiya University and Shri M. & N. Virani Science College (Autonomous) excels in top-tier education, prioritizing student growth, intellectual development, and instilling vital human values. Graduates consistently secure prestigious positions across diverse sectors at all program levels. The "Yogidham Gurukul" emphasizes principles of higher education and human values, striving to spread enduring happiness and foster societal harmony by the extensive 23.5-acre Campus for education from kindergarten to postgraduate and research programs. His Divine Holiness Hariprasad Swamiji Maharaj, Lord Swaminarayan's spiritual successor, mentors ATMIYA University. With his blessings, His Divinity P.P. Tyagvallabh Swamiji and a dedicated team strive for unity and create advanced learning facilities. The university's esteemed status arises from exceptional facilities and qualities displayed by Atmiya Group of Institutions (AGI).

- 5 Climate Change and Microbes: The New Frontier in Regulatory Affairs
- 6 Geology and microbiology: the perfect match for regulatory success.

Places near to Rajkot to visit

The vicinity of Rajkot is home to a number of attractions, ranging from ancient cities and temples to beaches and historical monuments. Some of the most prominent of these attractions are Dwarka and Somnath, as well as the Gir National Park and Porbandar. Other attractions in the vicinity include Gondal Caves, Nalsarovar, the Girnar Hill, and Lothal, which is an ancient city from the Indus Valley Civilization and a major archaeological site of India.

About the conference

The National conference on "Environmental Microbiology and Regulatory Aspects" will be held by the Department of Microbiology at Atmiya University and Shree Manibhai Virani and Navalben Virani Science College (Autonomous) Rajkot from February 23rd – 24th. This event provides an excellent opportunity for environmental scientists, researchers, academicians, and policy makers to discuss new developments in microbiology and their potential role in tackling present-day environmental issues. The goal of the conference is to bring together experts from both public and private sectors to share insights on emerging technological trends related to government regulations concerning microbial ecology. The conference provides a national platform for researchers to share and converse about their most recent findings with experts in their specific areas of study. The agenda will include expert talks, research poster presentations and oral talks, centering on the latest advancements in environmental microbiology.

BRIEF SUMMARY:

At the start of the day of the "National Conference," 2 students of the B.Sc. (Microbiology) semester-4 girls greeted the distinguished guests on our campus. Following the welcoming ceremony, the inaugural Inauguration Ceremony began with a prayer and lamp-lighting by the guests. Small acts of respect and affection were shown to all dignitaries with the delivery of delicate carriers of flowers. Dr. Rohan Pandya, the Head of the Department and Convenor of the Conference, informed about the conference. D.D.Vyas, the Registrar, read out the message of the President of Atmiya University. Prof. Samir Vaidya, Secretary of the "Sarvodya Kewani Samaj" in Rajkot, made a brief statement followed by Dr. Neepa Pandhi, who concluded the proceedings by voting for the inaugural session.

Technical Session-1

Prof. Hemant Purohit highlighted the importance of ecosystem functions in maintaining the health, stability, and sustainability of the environment, animals, and humans. These functions provide essential services like clean air, water, crop pollination, climate regulation, and biodiversity maintenance. Human activities like deforestation, pollution, and excessive use of chemical fertilizers can disrupt these resources, leading to biodiversity loss and degradation of ecosystem services. Conservation and sustainable management practices are essential for preserving ecosystem health. Key impacts on ecosystem health include air pollution, soil degradation, and water quality issues. Managing these resources effectively ensures soil health, plant productivity, and biodiversity conservation. Addressing air and water pollution while promoting energy efficiency can alleviate the burden on the environment, animals, and human health. Ecosystem health also focuses on the flow of pathogens, pharmaceutical chemicals, and antibiotics, which can generate threats to human health over time.

Technical Session-2

Prof. Dayanand Agsar's talk highlighted the importance of habitats and ecosystems in microorganisms, particularly in limestone quarries and powder deposits in India. These environments, with harsh conditions and unique mineral compositions, provide a niche for various microorganisms, with actinobacteria being a notable example due to their metabolic diversity, genome complexity, and adaptability. The study identified novel species and genera of actinobacteria and developed a submerged bioprocess for producing water-soluble melanin from actinobacteria, with *Streptomyces* sp. showing promising results. The research also led to the development of a biosensor for detecting phenolic constituents in industrial effluents using tyrosinase conjugated with gold nanoparticles, highlighting its practical implications in environmental monitoring and remediation.

Technical Session-3

Prof. Sasikala's research on microbial diversity in India, one of the 17 megadiverse nations with four biodiversity hotspots, has led to significant discoveries. Her team has identified around 300 novel species, 56 novel genera, two novel families, and one novel order of bacteria. These microbial cultures have potential applications in biofertilizers, biocolorants, solid waste management, and bioremediation. Their translational research has resulted in patents and commercial use of phototrophic bacteria in various sectors. Their team has also conducted microcosm studies demonstrating the potential of a bacterial consortium for bioremediation of crude oil. Their research also reveals a wealth of prokaryotic diversity in the endo-microbiome of yeasts, which could have implications for disease transmission. Additionally, their investigations into predatory bacteria reveal new potentials, including the use of known bacteria as "live antibiotics" and a new level of micro-diversity involving "predatovars."

Atmiya University
Rajkot**

Technical Session-4

Prof. Arun Kharat's research highlights the alarming consequences of antibiotic use in India and the global challenge of antimicrobial resistance (AMR). AMR has been declared a pandemic by the World Health Organization (WHO) in 2017, but there has been stagnation in the discovery of new antibiotics with novel mechanisms of action. The WHO established the Global Antimicrobial Resistance and Use Surveillance System (GLASS) in 2015 to monitor AMR in bacteria causing common human infections and track antimicrobial consumption. As of 2022, 127 countries participate in GLASS. In India, the government has prioritized AMR, launching the National Action Plan on AMR (2017-2021) and promoting rational and evidence-based antimicrobial therapy. Prof. Kharat's research also emphasizes the need for improved awareness and regulation surrounding antibiotic use, particularly regarding the dangers of self-medication.

Technical Session-5

Prof. J.N. Joshi discussed the impact of air pollutants on human health, highlighting the importance of SI units in scientific communication. SI units, including meters, kilograms, seconds, amperes, kelvin, mole, and candela, ensure consistency and uniformity in scientific and technical communication. They are crucial for accurate measurements in research, engineering, and scientific disciplines. Air pollution, caused by pollutants like particulate matter, nitrogen oxides, sulfur dioxide, volatile organic compounds, and carbon monoxide, poses significant health risks, including respiratory problems, cardiovascular diseases, and neurological disorders. Understanding these pollutants' sources, distribution, and impacts is crucial for developing effective strategies for air quality management and public health protection.

Technical Session-6

Dr. Manish Rachchh, CEO and MD of Accuprec Research Pvt Ltd, emphasizes the importance of microbiologists in the pharmaceutical sector, particularly in ensuring compliance with regulatory requirements for new drug and medical device registrations with the Central Drugs Standard Control Organization (CDSCO) in India. Under the NDCT Rules, 2019 new pharmaceutical products must undergo various testing aspects, including microbiological testing. For medical devices, microbiological testing is essential in accordance with international standards such as ISO, IP, and USP. Dr. Rachchh's presentation will discuss the specific regulatory requirements and standards for microbiological testing for both pharmaceutical products and medical devices, emphasizing the need for compliance for successful product registration.

Technical Session-7

Dr. Madhavi Joshi emphasizes the importance of biosafety and biocontainment in India's bioresearch facilities, highlighting their crucial role in preventing accidental exposure to pathogens and environmental contamination. She discusses the regulatory frameworks set by government bodies like the Department of Biotechnology and the Indian Council of Medical Research, which outline biosafety standards in research institutions. Dr. Joshi emphasizes the need for continuous evaluation and enhancement of biosafety programs, including worker proficiency, equipment effectiveness, and security measures. She also emphasizes the importance of periodic risk assessments and audits to identify potential safety gaps and address them promptly. As India's bioresearch sector evolves, Dr. Joshi advocates for a proactive approach to biosafety governance and regulatory oversight, fostering a culture of accountability and sustainable growth.

Technical Session-8

Dr. Chirayu Desai's research focuses on treating hazardous industrial wastewaters, particularly those from textile coloration and dyestuff manufacturing industries. These wastewaters are complex and resistant to biodegradation, making traditional treatment methods economically unfeasible, especially in developing countries. Dr. Desai's research group explores the application of bio-electrochemical treatment systems, such as microbial fuel cells (MFCs), which harness chemical energy from pollutants to produce bioelectricity. They introduce a novel approach by integrating MFC systems with constructed wetlands to form hybrid constructed wetland-microbial fuel cell (CW-MFC) systems. The pilot-scale CW-MFC systems use a two-step horizontal subsurface flow constructed wetland planted with specific plant species and bioaugmentation with an enriched electroactive bacterial community (DC5) to enhance treatment and power generation efficiency. The research suggests that these optimized bioaugmented systems can be scaled up for on-site applications in treating hazardous textile dye industry wastewaters.

A poster presentation session was organized at the conclusion of technical session 4 on February 23, 2024. 14 research experts presented their work offline, while 22 presented their work online. The second day of the conference, February 24th, began with oral presentations. During the session, 2 academics and 7 research scholars presented their research work in person, while 7 academics and 9 research scholars presented their research work in person as well.

On the second day's conclusion, Professor Shiv Tripathi, Vice Chancellor of Atmiya University, delivered a speech to the audience and distributed prizes to winners of oral and poster participants. Dr. Abhijeet Joshi provided a summary of the conference, and Dr. Raksha Bawankar delivered the vote of thanks.

FACULTY INCHARGE: Dr. Hitarth Bhatt hosted the session on February 23rd, while Mrs. Shivani Tank handled the sessions on February 24th. Dr. Krishna Joshi, Dr. Vivek Pattani, Mrs. Nidhi Saxena Mrs. Leena Sheth, Ms. Radhika Joshi, Mrs. Shivani Tank, Ms. Janavi Hirani, Ms. Miral Sojitra, Ms. Amisha Hirani and Ms. Rajeshwari oversee the Oral and Poster sessions.

Mrs. Nidhi Saxena and Mrs. Leena Sheth organised the delectable meal arrangement.

Mrs. Dimple Kachhadiya, Mrs. Nancy Pipaliya, Ms. Radhika Joshi, Dr. Krishna Joshi, Ms. Jalpa Olakiya, and Ms. Surabhi Jethwa are part of the registration and accommodation committee.

Dr Bhargav Waghela served as the Single Point of Contact (SPOC) for coordinating transportation and lodging for all guests and participants of the event.

Dr. Chitra Bhattacharya, Dr. Mousumi Das, and Ms. Ritu Shah contributed to organising the stage and maintaining discipline.

Ms. Mansi Panchasara and Mrs. Dimple Kachhadiya handled the audio video recording of the event, while Ms. Nikita Dave and Dr. Vivek Pattani oversaw the live streaming.

Mr. Mohit and Mr. Dharmesh designed the certificates, and Mrs. Dimple Kachhadiya and Mrs. Margi Javiya transmitted them.

FUNDING AGENCY : Department of Biotechnology (DBT), GoI and Council of Scientific and Industrial Research (CSIR), Government of India.

LEVEL (UNIVERSITY/ STATE/NATIONAL/ INTERNATIONAL): National

OUT COMES:

By bringing together experts in the field, the conference will likely lead to the development of new strategies and technologies for monitoring and controlling microbial populations in the environment. This will in turn help to better protect ecosystems and human health from the negative impacts of microbial contamination. Additionally, the conference may also result in the establishment of new regulatory policies and guidelines based on the latest research and findings presented at the event. Ultimately, the future outcome of the National Conference on Environmental Microbiology and Regulatory Aspects holds great promise for advancing the field and improving environmental quality.

About us

ATMIYA University bestows wisdom and knowledge, established on April 13, 2018, under the Gujarat Private University Act 11, 2018, ATMIYA University emphasizes training young minds in consonance with the doctrines of higher education and human values. The aim of this University is to spread eternal happiness and to create a happy society along with education with high quality and integrity. The university is notable in the Saurashtra-Kutch region of Gujarat with many landmarks. It offers diploma, degree to doctorate course in various stream. His Divine Holiness **Hariprasad Swamiji Maharaj** was the spiritual successor of Lord Swaminarayan, is the mentor of ATMIYA University. With his blessing, **P.P. Tyagvallabh Swamiji** has envisioned Atmiya University to be a global leader in every domain area of higher education.

About the Workshop

The state level training on “Enzyme Assay & Kinetics” will be held by Department of Microbiology, Atmiya University, Rajkot, Gujarat in collaboration with BioInnovale Lifescience (P) Ltd., Bangalore from 16th to 22nd January 2024. The training program is to focus on fundamental practical aspects and work flow of tools and techniques utilized in enzyme assay & kinetics. The participants will be provided with extensive hands-on training modules based on experimental methods and a critical detailing on basic conceptualization of enzyme technology. Moreover, the theory modules will be focusing on fundamental understanding of enzymes assay, optimization, purification, kinetic study and its application in various sectors.

“Enzyme Assay & Kinetics”

(16th to 22nd January, 2024)

Organized by

Department of Microbiology, Atmiya University, Rajkot, Gujarat

Schedule

Time	Title of the Talk / Sessions	Name of expert & Affiliation	Venue / Location
Day 1 (16-01-2024) (Tuesday)			
08:15 am to 09.15 am	Breakfast		Aswad Canteen, Atmiya Campus
	Registration		Registration desk, Fourth floor, Main Building in front of seminar Hall 425
09:30 am -10.30 am	Inauguration	GSBTM Member, Leadership Team members, all Resource persons, Coordinators and HoD, Faculties of Microbiology, Participants,	Seminar Hall, Room No.425, Fourth Floor , Main Building, Atmiya University
10.30 am-11.30 am	Introduction to Enzymology- properties, classification	Dr. Mayur Parmar, Assistant Professor, Dept. of Biochemistry, Shri M& N Virani Science College, Rajkot	
11.30 am to 12:30 pm	Conceptualization of terminology of enzyme activity related facts, enzyme assay and usage of buffer and importance	Dr. Nilesh Aghera, PhD. Maharaja Sayajirao University, Baroda	
12:30 pm to 02:00 pm	Lunch		Aswad Canteen, Atmiya Campus
02.00 pm – 04.30 pm	Practical Session –I Extraction of Crude enzyme from different sources – assay (qualitative and quantitative demonstration)	Dr. Debasish Sahoo, Director BioInnovale Lifescience & Lab Technicians of Atmiya University

Day 2 (17-01-2024) (Wednesday)			
08:15am to 09:00am	Breakfast		Aswad Canteen, Atmiya Campus
09:00 am to 10:00 am	Detailing on enzyme kinetics –basics	Mr. Virendra Vaishnav, Senior Research Associate BioInnovale Lifescience	Lab -122, Science Building, 1st floor , Atmiya University
10:00 am to 11:00 am	Single substrate kinetics - LB plot, Km and Vmax	Mr. Virendra Vaishnav, Senior Research Associate BioInnovale Lifescience	Lab -122, Science Building, 1st floor , Atmiya University
11:00 am to 12:15 pm	Practical Session – 2 (Amylase or protease Km and Vmax study under variable substrate concentrations)	BioInnovale Lifescience, Lab Team & Lab Technicians of Atmiya University	
12.15 pm to 2:00pm	Lunch		Aswad Canteen, Atmiya Campus
02.00 pm- 4.30 pm	Practical Session 3 (Residual substrate concentration- Calculation)	BioInnovale Lifescience, Lab Team & Lab Technicians of Atmiya University	Lab -122, Science Building, 1st floor , Atmiya University
04.30 pm	High tea		
Day 3 (18-01-2024) (Thursday)			
08:15 am to 09:00 am	Breakfast		Aswad Canteen, Atmiya Campus
09:00 am – 10.00 am	Introduction to Enzyme Optimization Study	Dr. Mousumi Das Assistant Professor Dept. of Microbiology Atmiya University	Lab -122, Science Building, 1st floor , Atmiya University
10:00am to 11:00 am	Physical and chemical parameters (pH, temp, substrate concentrations, inducer effect, activator and inhibitor)	Dr. Debashish Sahoo, Director BioInnovale Lifescience	
11:10 am to 12:15 pm	Practical Session 4 (Enzyme assay after optimization study)	BioInnovale Lifescience, Lab Team	
12:15 pm to 02:00pm	Lunch		Aswad Canteen, Atmiya Campus
02.00 pm to 04:30pm	Practical Session 5 (Remaining part of practical session 4)	BioInnovale Lifescience, Lab Team	Lab -122, Science Building, 1st floor , Atmiya University

Day 4 (19-01-2024) (Friday)			
08:15 am to 09:00 am	Breakfast		Aswad Canteen, Atmiya Campus
09:00 am – 10.00 am	Protein Purification methods- basics	Dr. Bhargav Waghela Assistant Professor, Dept. of Microbiology, Atmiya University	
10:00am to 11:00am	Protein precipitation method- Salt precipitation method & Instruction session - (Practical Manual Writing Demo)	Mr. Rajesh Khatik, Research Associate BioInnovale Lifescience	Lab -122, Science Building, Ist floor, Atmiya University
11:00 am to 12:15pm	Practical session 6 (Activation of Dialysis bag and Dialysis procedures)	BioInnovale Lifescience, Lab Team & Lab Technicians of Atmiya University	Lab -122, Science Building, Ist floor, Atmiya University
12:15 pm to 02:00pm	Lunch		Aswad Canteen, Atmiya Campus
02.00 pm to 04:30 pm	Practical session 7 (Remaining part of practical session 6)	BioInnovale Lifescience, Lab Team & Lab Technicians of Atmiya University	Lab -122, Science Building, Ist floor, Atmiya University
04.30 pm	High tea		
Day 5 (20-01-2024) (Saturday)			
08:15 am to 09:00 am	Breakfast		
08:15am to 09:00 am	Practical Session 8 (Purification of enzymes by column chromatography and enzyme assay for elutes)	BioInnovale Lifescience, Lab Team & Lab Technicians of Atmiya University	Lab -122, Science Building, Ist floor, Atmiya University
09:00am to 10:00 am		BioInnovale Lifescience, Lab Team & Lab Technicians of Atmiya University	Lab -122, Science Building, Ist floor, Atmiya University
10:00am to 11.00 am	Introduction to Enzyme purification by column chromatography methods and specific activity determination of protein	Dr. Gaurav Dave Assistant Professor Sardarkrushinagar Dantiwada Agricultural University (SDAU), Banaskantha	Lab -122, Science Building, Ist floor, Atmiya University
11.00 am to 12.15 pm	Insights on fermentation of Enzymes and Secondary Metabolites	Dr. Rushi Bhatt AGM Endoc Lifecare Pvt Ltd., Rajkot	Lab -122, Science Building, Ist floor, Atmiya University

we can say that this training program is very beneficial for us and this experience was awesome.

FACULTY INCHARGE: Dr. Chitra Bhattacharya and Dr. Mousumi Das

FUNDING AGENCY: DST, Gujarat State Biotechnology Mission (GSBTM) & Atmiya University

LEVEL (UNIVERSITY/ STATE/NATIONAL/ INTERNATIONAL): State

OUT COMES:

The overall STTP program culminates with a profound learning of theory in basics of Enzymology. It also encompasses a detail on hands-on experience with Enzyme Assay, Protein purification, Enzyme characterization and In-silico practice of Graph for analysis. The resource persons were eventually found to be a strong support for making understand critical detailing on enzymology. An initiation on future collaboration of strong hands in enzymology has been established.

(By: Dr. Debasish Sahoo, Director BioInnovale Lifescience)

- In this session, we learned about Stacking gel, Separating gel and electrode buffers and sample preparation.
- Also, know about the working and principle of TEMED, APS and SDS.
- Run the SDS-PAGE by loading samples and also put positive & negative electrodes into buffer tank.
- After running of gel, take it out and stain it properly for 2min and put it in the destain solution for 24 hours.

Day-6:

Date: 21/01/2024

✚ Session-1: MM (Michaelis-Menten) equation derivation and enzyme inhibition

(By: Dr. Praveen Gupta, Assistant Professor Dept. of Biotechnology, Atmiya University)

- In this session, we have learned about derivation of MM equation, K_m , V_{max} , K_{cat}/K_m , Enzyme Inhibition and its types, how K_i can be measured, Lineweaver-Burk Plot of all the inhibition types.
- Terminology like α and α' , K_i and K_i'
- Example on determination of K_m & V_{max} value enzyme of α -amylase.

✚ Session-2: Steps for Bradford Method for plotting in graph

(By: Dr. Bhargav Waghela, Assistant Professor Dept. of Microbiology, Atmiya University)

- In this session, using the Concentration and O.D. we can plot a graph in excel sheet for Bradford standard and we have a graph of Protein concentration vs O.D. at 595nm by using Linear equation ($y = mx + c$).

✚ Session-3: Mock Test

Day -7

Date: 22/01/2024

Summary of Activities:

- Characterization of the enzyme by SDS-Page by Dr. Bhargav Waghela. Application of enzyme.
- Feedback session
- Valedictory Context of Activity: Very detailed information is shared by Dr. Bhargav Waghela on SDS- PAGE. We know about application of enzymes in various fields.
- Learning Outcomes: After completion of these training sessions, we learned a lot of about enzymes. We know how to perform assay and distinguish between various enzymes. We are also capable to qualitative analysis as well as quantitative analysis of enzymes. We learnt a lot of about industrial enzymes and their kinetics. Overall,

TITLE OF THE ACTIVITY: Blood grouping and Anemia screening camp
DATE: 23/12/2023
EVENTS SCHEDULE: 09:00am to 12:00 pm at Seminar Hall, Atmiya University, Rajkot
RESOURCE PERSON: Dr. Radhika Javia ,
NO. OF BENEFICIARIES: B.Sc. Sem.II (36 students) No. of Parents (39), B.Sc. Sem.IV (89 students) No. of Parents (53), B.Sc. Sem.VI (112 students) No. of Parents (88), M.Sc. Sem.II (85 students) No. of Parents (26), M.Sc. Sem.IV (77 students) No. of Parents (30), PGDMLT Sem. II (50 students) No. of Parents (32), 13 Faculties, and 7 Lab Assistants, Faculty of Science, Department of Microbiology.
BRIEF SUMMARY: The Faculty of Science, Department of Microbiology, hosted a blood grouping and anemia screening camp during parents teacher meeting on December 23, 2023, from 9:00 a.m. to 12:00 p.m. Invitations were sent to the parents of UG, PG, and PGDMLT through social media platforms and reconfirmed via telephonic conversations. We welcomed >250 parents and students. The core part of the session was carried forward by an expert talk by the invited Resource Person, Dr. Radhika Javia, madam. She focused on Cancer and its major types popularly aggravated in the country especially in Women, senior and Young Age groups persons respectively. Her session was also focused on types of cancer like Breast Cancer, Oral Cancer, Prostate cancer elaborating the cause, health effects, remedies etc. Few significant videos were played showing the role of the oncogenes, harmful impacts of unhealthy lifestyle, undisciplined habits, improper food intake etc. on the elevation of this cancer. The talk also highlighted on some lucid preventive measures like, home remedies, adopting good habits, maintain regulated life styles etc which can reduce the risk of occurrence of this dreaded disease. She also stressed on some mandatory diagnostic tests for early detection of Cervical Cancer in Women and its routine observation to be carried out, stressed on the importance of HPV vaccination in Women at age group 14-22 years as an early detection of Cervical Cancer. Medication how can be significant on the remedy of Cervical Cancer, also highlighted. The features of this HPV causal agent also discussed to aware the mass in this regard. She stressed on the ill effect of Tobacco Chewing one of the major issue of Oral cancer, long term side effects of Smoking leads to lung cancer and formation of "Tar" in lungs posing problem in smooth regulation of Breathing and activity of Lungs. The seminar was culminated with a fruitful interactive question – answer session. The second session was continued with parents and all UG and PG students, volunteered by PGDMLT Students, Faculty and Lab assistant Staffs for Hemoglobin estimation in PGDMLT lab at 11.30 am. Associated with Team of Kundaria Cancer Prevention Society, Rajkot. The venue was PG laboratory, 3 rd Floor,

BRIEF SUMMARY: The Faculty of Science, Department of Microbiology, hosted a Parent-Teacher Meeting on December 23, 2023, from 9:00 a.m. to 12:00 p.m. to discuss the progress and performance of UG, PG, and PGDMLT students. The agenda of the meeting was to create an open platform where teachers and parents come together to enrich the students' educational experiences and discuss certain activities regarding the all-round progress of students. The meeting was organized under the insightful guidance of the Head of the department, Dr. Rohan Pandya and hosted by Ms. Shivani Tank, Assi. Prof., Department of Microbiology. Invitations were sent to the parents of UG, PG, and PGDMLT through social media platforms and reconfirmed via telephonic conversations. We welcomed >250 parents and students. Inaugurated by prayer, and by offering the garland to Thakurji, Guruji P.P.Hariprasad Swamiji and mentor P.P.PremSwaroop Swamiji, followed by welcome address, and an introductory speech about university and departmental activities by Dr. Rohan Pandya, Dr.Krishna Joshi, and Dr. Bhargav Waghela. The presence of Director Research, RIT of the Atmiya University, Dr. Ashish Kothari, who delivered a speech about the Establishment and discussed Core Values of the University to parents community. UHV cell member Mr. Ankit K. Kalariya gave a brief introduction to Universal Human Value Education. An expert talk on “Cervical Cancer Drive” including various types of cancer, their causes, and preventive measures, for oral cancer, breast cancer, and cervical cancer, were delivered by, Dr. Radhika Javia, Medical Officer at Kundaria Cancer Prevention Foundation, sponsored by Rajkot Cancer Society. The students were felicitated under various academic performances, discipline, their strengths, co-curricular activities, extra-curricular activities, achievements, their participation in various research activities, skills, and consolidated marks of CIA and SEE performance was appreciated by distributing certificates by faculties. After the vote of thanks, by Ms. Shivani Tank, the meeting was ended by an informal gathering by offering snacks for the parents and students.

BRIEF SUMMARY: A One Day Hands-on Workshop on “Molecular Docking & Drug Discovery” on 26th August, 2023 was organized by Department of Microbiology, Atmiya University, Rajkot. The Complete event was planned and executed by the active cooperation and guidance of Dr. Rohan Pandya, HoD, Department of Microbiology, Atmiya University Rajkot and Faculty Dr. Bhargav Waghela. Both the resource person are actively engaged in research of Molecular Docking & Drug Discovery. Prof. Lahiri discussed on “Navigating Drug Discovery Landscapes: Unveiling Principles, Promises and Challenges”. It was really interactive and enlightening talk. Thereafter, Dr. Parth have discussed on theoretical aspects of various databases, selection of molecules and how it can be done using structure databases as well as Molecular Docking”. The hands-on session on docking was conducted by Dr. Parth. The activities throughout the workshop were interactive and beneficial to the PG students, research scholars and Faculty members.

OUT COMES: Overall the aim of the workshop was successful for the PG students, Research scholar and faculty members in terms of achieving basic knowledge on databases, various aspects of molecular docking and drug discovery. The clear and concise guidance on the Docking process and preparation of docking molecules such as preparation of protein and preparation of ligands and its important features in drug discovery at various levels is more beneficial for the participants interested in future research work. The hands on session covered the insights of practical aspects as well as technical challenges of molecular docking process. Overall, a brief glimpse on docking process and its relation with drug discovery has been learnt by the participants.

BRIEF SUMMARY: The Five Day National Workshop on “Basic and Advanced Techniques of Protein Biology” was organized by Department of Microbiology & E-YUVA Centre, Atmiya University, Rajkot in collaboration with M&N Virani Science college, & Department of Biosciences, Saurashtra University, Rajkot. The Complete event was planned and executed under the guidance of Dr. Rohan Pandya, HoD, Department of Microbiology, Atmiya University, Rajkot; Dr. Neepa Pandhi, HoD, Department of Microbiology, MNVSC, Rajkot and Prof. Ramesh Kothari, Department of Biosciences, Saurashtra University, Rajkot. Further, conduction of the theory and practical sessions were executed by the active cooperation of Dr. Bhargav Waghela, Dr. Krishna Joshi, Dr. Hitarth Bhatt and Dr. Jigna Tank. All the resource person were actively engaged in their theory and practical sessions and were really interactive and beneficial. Various aspects of Protein Biology have been discusses during expert talks. The practical sessions covered various aspects such as Protein extraction, estimation, separation by chromatography and Gel Electrophoresis. Few sophisticated techniques including western blotting and FPLC were covered during the workshop. Moreover, the image analysis and documentation session was also conducted. The activities throughout the workshop were very interactive and beneficial to the participants.

FACULTY INCHARGE:

Dr. Bhargav Waghela, from Department of Microbiology, Atmiya University, Rajkot

Dr. Krishna Joshi, from Department of Microbiology, Atmiya University, Rajkot

Dr. Hitarth Bhatt, from Department of Microbiology, Atmiya University, Rajkot

Dr. Jigna Tank, from Department of Biosciences, Saurashtra University, Rajkot

Lab Assistant:

Ms. Mansi Panchasara, Ms. Dhruvi Vekariya & Ms. Ritu Shah from Department of Microbiology, Atmiya University, Rajkot

FUNDING AGENCY : Gujarat State Biotechnology Mission, Department of Science and Technology, Government of Gujarat

LEVEL (UNIVERSITY/ STATE/NATIONAL/ INTERNATIONAL): National

OUT COMES: Overall the aim of the workshop was successful for the Participants includes PG students and Research scholars from various institutions in terms of achieving basic knowledge on protein biology, The clear and concise guidance on the various aspects of protein biology such as Protein extraction, estimation, separation by chromatography and Gel Electrophoresis, western blotting and FPLC and its importance in research is more beneficial for the participants. The hands on session covered the insights of practical

Introduction

The recent industrial visit to ReNova Life Sciences, organized by the School of Pharmaceutical Sciences at Atmiya University Rajkot, proved to be a transformative experience for a total of 24 B.Pharm. and 2 M.Pharm. students. The visit offered an immersive opportunity for students to explore the inner workings of one of the leading pharmaceutical companies. Through guided facility tours, interactive sessions, and engaging discussions, participants gained firsthand insights into the intricacies of pharmaceutical manufacturing, quality control, and regulatory compliance. Additionally, they had the privilege of observing modern manufacturing practices and state-of-the-art equipment in action, enriching their understanding of industry standards and best practices. Overall, the visit served as a catalyst for enhancing participants' knowledge, skills, and industry readiness, equipping them for successful careers in the pharmaceutical sector.

Learning outcomes of Participants

- Enhanced understanding of pharmaceutical manufacturing processes.
- Increased awareness of quality control procedures in the pharmaceutical industry.
- Exposure to regulatory compliance standards in pharmaceutical production.
- Observation of modern manufacturing practices and advanced equipment.
- Acquisition of practical insights into the pharmaceutical sector.
- Strengthened knowledge and skills relevant to future careers in the industry.

Report of Visit at Regional Food Laboratory

4th Semester B. Pharm (2023-24)

Visit at Regional Food Laboratory for 4th semester of B Pharm was organised on 8/4/2024 from 10:10 am to 1:10 pm. There were around 62 students and 3 faculty members who accompanied the visit. The Senior officer Mr. Vaghasiya, the analyst Mr Vishwaraj Devmurari were the Lab persons. During the visit, the students were explained about the protocol followed during any analytical test performed. Starting from receiving the sample till the generation of report was explained by Mr Vaghasiya. He also escorted us to all the sections of the lab which included the food section and drug section. The lab was furnished with instruments like Distillation unit, Muffle furnace, UV spectrophotometer, GC-MS, LC-MS, Sterility chamber, AC balance room, Compound microscope. The students were then explained about principle behind working of GC-MS and LC-MS. This talk was followed by a question and answer round, where Sir very well explained the doubts of the students. The visit ended by a vote of thanks by Ms. Reena Ughreja, Ms Rachana Joshi and Ms Aayushi Agarwal Bansal.

INDUSTRIAL VISIT AT DADAJI LIFE SCIENCE PVT. LTD.

Objective of the visit:

An industrial visit offers students a valuable chance to gain firsthand understanding of the pharmaceutical industry's design, structure, and internal workings. It provides practical insights that go beyond classroom lectures, highlighting the significance of quality assurance and good manufacturing practices in pharmaceutical processes. Through such visits, students become acquainted with various operations like size reduction, mixing, granulation, drying, compression, and capsule filling, as well as gain insights into essential packaging techniques for different dosage forms.

• *Raw material area:*

The industrial visit commenced at the raw material area, where students were acquainted with diverse procurement techniques and the documentation necessities in accordance with GMP guidelines. Additionally, students gained insight into the flow of raw materials to the QA and QC departments before reaching the production area.

• *Quality control Department:*

During the visit, students observed the quality control testing procedures for both raw materials and finished products, utilizing a range of analytical instruments such as UV-visible spectrophotometers, HPLCs, pH meters, and more. Furthermore, students were educated on sampling methods as part of the quality control process.

• *Quality Assurance Department:*

The students visited the Quality Assurance Department specifically focused on tablets and capsules.

• *Manufacturing area:*

Students have seen working of various instruments such as double cone blender, sigma blade mixer, coating pan, granulator, rotary machine, capsule making machine, etc.

• *Primary Packaging area:*

In the packaging area, students observed the operation of various packaging equipment including labeling machines and laser printing machines.

• *Finished Product Department*

Students have learned documentation of finished products with other requirements at time of dispatch.

Title of Lecture	: Visit to Regional Vaccine Warehouse – Saurashtra-Kutch
Name of Expert	: Mr. Jaydeep Dodiya
Date	: 02/02/2024
Venue	: Regional Vaccine Warehouse - Rajkot
Coordinator	: Mr. Falgun Dhabaliya, Ms. Rachana Joshi, Ms. Aayushi A Bansal
Total Participants	: 49
Details of Participants	: 3 rd Semester B. Pharm. Students

School of Pharmaceutical Sciences, FoHS, Atmiya University, Rajkot, organized a visit to regional vaccine warehouse students on 2nd February, 2024 for the students of 3rd semester B.Pharm.

The visit started with meeting the co-ordinator person there at warehouse Mr. Jaydeep Dodiya. Mr. Jaydeep Dodiya explained about the facilities, numbers of instruments, staff members, grant and support received from government and the regions to which the vaccines are supplied from the warehouse.

Then students in the group of 15 visited the vaccine storage instruments turn by turn, where they explained the labelling of vaccines, different types of storage conditions, types of temperature sensors attached to vaccine ampoules, types of packaging etc. in detail.

They also shared their hectic but learning experience of covid-19 time and how they managed to work tirelessly 24*7 at the vaccine centre.

They have also received one big storage instrument during covid time from the UNICEF, which is of very large capacity and with highly sophisticated technology.

As the students of 3rd semester B.Pharm are also studying Pharmaceutical Microbiology as a part of their regular curriculum, this visit has definitely aided into their learning. All received many information regarding the overall cycle of Vaccine starting from its manufacturing to the final consumers (patients).
