	Project and Problem Based Learning Methods	9	

1. Lab to Land

SARJAN is a student-led initiative at Atmiya University, established in 2016 under the "Earn While You Learn" scheme. It focuses on creating long-lasting flower bouquets from agricultural waste, promoting sustainability with the motto "Wealth from Waste."

About Us

'SARJAN' is a unique student-embodied Campus Company that was created at Shree M & N Virani Science College (Autonomous) in 2016 by Department of Biotechnology as the Initiators. It has been established on the grounds of providing financial support to the students under the scheme of 'EARN WHILE YOU LEARN' on the college campus.

Flowers are integral part of every being's life. But they do wither and go waste. SARJAN aims to create long-lasting flower bouquets from agricultural waste. This further reinforces our motto 'WEALTH FROM WASTE'.

OUR SERVICES

Order needs to placed on the contact given below :

- For delivery of 10 Items - 2 weeks before
- For delivery of 20 Items - 3 weeks before
- For delivery of more than 20 Items - minimum 40 days before
- For delivery on same day : extra charges applicable

OUR PRODUCTS

1. Indian Spring (Welcome Bouquets)
2. Colorful Summer (Table Top Bouquets)
3. Carpe diem (Photoframe)
4. Blooms in Basket (Handy Bouquets)
5. Florist's Choice (Shaw Piece, Birthday Card, Files, Jute Bag, Pen Stand, Pencil etc..)

2. Outreach Activity

At Atmiya University, we actively organize **Outreach Activities** to foster knowledge sharing and community engagement. One such initiative involves inviting nearby school students to visit our university. These visits provide young learners with exposure to advanced learning environments, interactive sessions with faculty, and hands-on demonstrations of academic and practical concepts. Below are details and pictures from recent visits, reflecting our commitment to inspiring and empowering future generations.

ATMIYA University, Rajkot
Faculty of Science
Department of Biotechnology

ACTIVITY (School Visit)

TITLE OF THE ACTIVITY: Crystal Public School Visit
DATE: 03.02.2023
EVENT SCHEDULE: 3 hours (09.00 AM – 12.00 PM)
RESOURCE PERSON: - Dr. Nutan Prakash Vishwakarma, Dr. Preetam Joshi, Dr. Anmol Kumar, Dr. Neha Patel, Dr. Shweta Bhatt, Mr. Aarjav Pinara, Mr. Sagar Teraiya, and Mr. Dhaval Nirmal.
NO. OF BENEFICIARIES: 100 + Students and 9 Faculty
BRIEF SUMMARY: Students from Crystal Public School were brought to Atmiya University’s Faculty of Science, Department of Biotechnology to make them aware of the future scopes and development in the Biotechnology field. More than 100 students and 2 Faculty members came from Crystal Public School to see the facilities provided by the biotechnology department. After their arrival, they were first given a basic introduction to the field of biotechnology and then they were taught the basics of bioinformatics. They were taken to 2 main sophisticated lab facilities, the Plant Tissue Culture lab where they were taught how we can grow more than 100 plants in a small area, and in Animal Tissue Culture lab where they were briefed about how we can study animal cells outside the animal body. In the end, students were shown the beautiful microorganisms under the microscope.
FACULTY INCHARGE: Dr. Shweta Bhatt and Mr. Aarjav Pinara, Dept. of Biotechnology
FUNDING AGENCY: NA
LEVEL (UNIVERSITY/ STATE/NATIONAL/ INTERNATIONAL): University
OUTCOMES: As most of the students were unaware of the biotechnology field, they got an idea about the biotechnology field. They also got the experience that how in a small area a large number of plants can be grown and how also we can study animal cells outside the animals. Students also develop a brief understanding of the bioinformatics field and saw the beautiful structure of microorganisms under the microscope.
PHOTO GALLERY / SCREENSHOT:

3. Project & Problem Based Learning

At Atmiya University, we integrate Project and Problem-Based Learning (PBL) into our curriculum to encourage innovation, critical thinking, and practical application of knowledge. Through PBL, students work on real-world problems and projects that challenge them to research, collaborate, and devise solutions. This approach not only enhances subject mastery but also prepares students for industry and societal challenges. Below are some examples and details of PBL activities, showcasing our students' creativity and problem-solving abilities.

Dear Priyanshi

Subject: Congratulations! You've Been Selected for intern at Akshar Graphic

We are delighted to extend our warmest congratulations on your successful selection for the Graphic designer position at Akshar Graphic. Your skills, experience, and passion stood out among the candidates, and we believe that you will make a valuable addition to our team.

We are eager to welcome you on board, and we look forward to the beginning of our journey together. Before we officially kick-start your employment, we would like to inform you about the initial training period that has been structured to help you integrate seamlessly into your role and familiarize yourself with our company's culture, processes, and systems.

Training Period Details:

- Duration: 6 months
- Start Date: 15 December
- Location: Rajkot
- Overview: The training period is designed to provide you with a comprehensive understanding of your role and responsibilities. During this time, you will receive hands-on training, participate in various workshops, and work closely with experienced team members. This phase aims to equip you with the necessary skills and knowledge to excel in your position.

Employment Terms and Conditions:

Upon successful completion of the 6-month training period, you will transition into your full-time employment role. During this time, your performance will be evaluated, and adjustments may be made to ensure a mutually beneficial fit for both you and the company.

We believe that this training period will not only enhance your professional development but also contribute to your success within our organization.

Next Steps:

1. Please review the attached employment contract, which outlines the terms and conditions of your employment, including details about the training period.
2. If you have any questions or require clarification on any aspect of the contract or the training program.

We are excited to welcome you to the Akshar family, and we are confident that your contributions will play a significant role in our continued success.

Once again, congratulations on your achievement, and we look forward to a successful collaboration.

Best regards,

Pankaj Daxini

TO WHOM IT MAY CONCERN

This is to certify that **Mehta Divyaraj Nayanbhai** has successfully completed an internship at **Imbuesoft LLP**, commencing from **18th December, 2023 to 10th April, 2024**.

During the internship tenure, he demonstrated exceptional dedication, enthusiasm, and willingness to learn. He actively engaged in **QA & Software Analysis**, contributing positively to the team's objectives.

His diligence and creativity significantly impacted our projects, showcasing his aptitude for problem-solving and teamwork.

This certificate is awarded as recognition of **Mehta Divyaraj Nayanbhai's** valuable contributions, commitment, and the skills he has acquired during his time with us.

Authorized By, Director,

Thank You and Regards,

Dr. Prakash Gujarati

Imbuesoft LLP,
Rajkot - 360005.

Activity: Dissertation
AY: 2023-24
Title: Study the Synthesis of Potential Bioactive Heterocyclic Compounds
Name of the Student: Mevada Abhay Karshanbhal
Venue: IC Dissertation Lab
Guide: Dr. Govind V. Vagadiya

 **ATMIYA UNIVERSITY**
Established under the Gujarat Private Universities Act of 2009
Vijaybhau-Kothari, Kirtida Road, Rajkot - 360005, Gujarat (INDIA)

CERTIFICATE

This is to certify that the dissertation thesis entitled “Study the Synthesis of Potential Bioactive Heterocyclic Compounds” is submitted by Mr. Mevada Abhay Karshanbhal (Enroll. No: 220722022), A Post Graduate student of Semester-IV, Department of Industrial Chemistry, Faculty of Science, Atmiya University, Rajkot.

He has undertaken and conducted this dissertation work as a part of the curriculum to earn credits for obtaining the degree of Master of Science (M.Sc.) in Industrial Chemistry during the Academic Year 2023-24.

These test result statements are not a claim of 100% sensitivity & 100% specificity. Any particular laboratory test result may be misleading (post correlation with clinical findings for large varieties of reasons, especially in the results of laboratory test results) laboratory investigations should not be depended on exclusively and should be used along with other relevant clinical examinations to achieve the final diagnosis. Therefore, reported results are for the information of referring clinician only. The reports are not valid for medico-legal purposes/forensic application.

Under highest international standard, we test to having 100% sensitivity & 100% specificity. Any particular laboratory test result may be re-evaluated (not considered) with clinical findings for large varieties of reasons, regardless of high quality of laboratory. So, individual laboratory's responsibility should not be considered as conclusive and should be used along with other relevant clinical examinations to achieve the final diagnosis. There are no standard results for the estimation of laboratory diagnosis only. The reports are not valid for medical legal or insurance application.

Under the best circumstances, to test & having 100% sensitivity & 100% specificity. Any particular laboratory test result may be misleading (not correlation with clinical findings) for large varieties of re-
sponses of high quality of laboratory. So, individual laboratory investigators should not be considered as conclusive and should be used along with other relevant clinical examinations to achieve the
diagnosis. Therefore reported results are for the information of referring clinician only. The reports are not valid for medico-legal purposes/ forensic application.

Under the best circumstances, we test to identify 100% sensitivity & 100% specificity. Any particular laboratory test result may be misleading if our methods are flawed. Therefore, for single selected specimens, regardless of the quality of specimens, the laboratory investigation should not be considered as conclusive and should be used along with other relevant clinical examination to arrive at the final diagnosis. Therefore, our results are for the reference only. This report is not valid for medico-legal cases without explicit request.
