Atmiya University
Rajkot

1. Introduction

Established on April 13, 2018, under the Gujarat Private University Act 11, 2018, ATMIYA University emphasizes to train young minds in consonance with the doctrines of higher education and human values.

Considering examination system very crucial and important, the formation of Office of the Controller of Examinations is governed by the University Ordinances and Examination Manual with following objectives:

Objectives of the Office of the Controller of Examinations:

- ❖ Achieve desirable accuracy to enhance quality and increase reliability in the conduct of examinations.
- ❖ Maintain consistency and uniformity in the examination work and in the examination process.
- ❖ Establish credibility of procedures to all concerned involved in the conduct of examinations.
- ❖ Define the accountability of the faculty and supporting staff in the conduct of examinations.

Rajkot

2. Academic Calendar

The University follows a semester-based academic structure for all programs, encompassing two semesters - Winter and Summer - within a single academic year.

The Office of the Controller of Examinations has published the Schedule of Activities related to academics and examinations in the form of an Academic Calendar. This calendar has been shared with both staff and students and includes the following key details:

- Commencement dates for each semester.
- Schedule for Continuous Internal Assessment (CIA) tests and other assessment components.
- Timeline for Theory and Practical Semester-End Examinations.
- Days allocated for Central Valuation.
- Commencement date for the subsequent semester.
- A comprehensive list of public holidays, as per the Government of Gujarat notification.

The specific details of the Academic Calendar for the Winter-2020 Session and Summer-2021 Session are enclosed in **Annexure-I** and **Annexure-II**, respectively.

The processes of course selection by students, course approval and term granting by Heads of Departments, and examination registration by students were seamlessly conducted via the online CMS Portal for both the Winter-2020 and Summer-2021 sessions.

Additionally, the Office of the Controller of Examinations organized pre-examination meetings with the Examination Committee to propose the schedule for the Semester-End Examinations of the Winter-2020 and Summer-2021 sessions, ensuring alignment with the Academic Calendar.

3. Number of days for the declaration of Result from the last date of Examination

Upon completion of the evaluation process, classified result reports were prepared, including course-wise performance analysis and other result-related statistics. These were presented to the Result Passing Board (RPB). Following discussions and thorough verification at various levels, the RPB approved the examination attainments and results.

The approved results were subsequently published and made accessible on the CMS student portal. For the academic year 2020-2021, results were declared within an average of 23 days from the last day of examinations.

The table below outlines the names of the programs, the end dates of examinations, and the corresponding result declaration dates for the year 2020-2021.

Programme	Semester	Date of last examination of Final semester/year end examination (DD-MM-YYYY)	Date of Announcement of Results of semester/year end examination	No of days between end of even semester /year end examination and announcement of results

7. Automation of Evaluation Process through Digitalization

The conduct of examinations and the declaration of results are critical activities for the University. The examination system is designed to be fair, efficient, reliable, and transparent, adhering strictly to the rules and regulations outlined in UGC guidelines.

The implementation of an ERP system has significantly improved various examination-related processes, including exam registration, scheduling, and grading. This digitalization initiative has reduced staff workload while enabling faster and more accurate processing of examination tasks.

Through IT integration, the examination procedures have undergone substantial improvements. The adoption of ERP ensures precision, efficiency, and transparency across all stages of the examination and evaluation process. From student registration for examinations to the declaration of results, the entire workflow has been streamlined, enhancing overall efficiency.

The ERP modules facilitate several processes, including:

- Registration of students for examinations.
- Creation of examination schedules.
- Generation of hall tickets.
- Conduct of examinations and recording course-wise attendance of examinees.
- Monitoring the status of evaluation.
- Compiling results of Continuous Internal Assessment (CIA) and Semester End Examinations (SEE).
- Automated compilation and declaration of results.

This digital transformation has established higher standards of accuracy and reliability in the University’s examination and evaluation system.
