- We humbly request you to provide support and services round the year to build the capacity of our Faculty, Research Scholars and students community at Atmiya University.
- It would be equally helpful if you could also provide us some complementary access to various collections, not subscribed by our university during the year for a period of time so that they can explore the collection and activities. This will help us in creating awareness about the IEEE society and its areas of work and expertise.
- We will invite you for some training sessions and invited talks on various aspects of Research Capacity building, aspects like - searching, reading and writing research papers and collaborative research opportunities.
- We will be using the remote access feature that we will request you to help us in integrating with INFED once we have done the set up.
