Outcomes of extension activities in the neighborhood community in terms of impact and sensitizing the students to social issues and holistic development, and awards received during the last five years.

Jeevan Vidya - Co-existential living (Harmony with Life and Nature)

Atmiya University's educational philosophy is deeply rooted in nurturing not only academic excellence but also the holistic development of moral and ethical values among stakeholders. This approach is aimed at preparing students to become responsible, compassionate, and ethical citizens who contribute meaningfully to society.

To reinforce this vision, the university introduced the 'Universal Human Value (UHV) Cell' in 2016-17, which was later evolved into the 'Value Education & Consciousness Development (VECD) Cell' in 2018-19. In 2023, the university further transformed this initiative into the 'Chetana Vikas Mulya Shiksha (CVMS) Cell', a dedicated platform to foster awareness, moral consciousness, and character development among students under the aegis of Faculty of Transformative Academics.

KI 3.6

M 3.6.1

- **Character Building:** To cultivate values like honesty, integrity, responsibility, empathy, respect, gratitude, and humility among stakeholder.
- **Harmony with 4 Orders:** To align oneself with four fundamental aspects (Self, Family, Society & Nature) of existence for inner peace, emotional balance and happiness through practices like reflective exercises, group discussions, introspection, mindfulness, prayer, practice empathy, etc.
- **Emotional Balance:** To encourage students become more self-aware, empathetic, and sensitive to the feelings and needs of others.
- **Consciousness Development:** To cultivate a sense of inner awareness and focus for personal growth, purpose of life & transcendence.
- **Compassion & Empathy:** To encourage students to see beyond themselves and appreciate the perspectives of others.
- **Overcome Negative Tendencies:** To reduce internal conflicts caused by selfish desires, prejudices, past regrets or setbacks, greed, jealousy, ego, stress and future anxieties.
- **Purposeful Living:** To foster students identify their purpose in life, align it with universal human values, and live with integrity.
- **Learning for Co-Existential Living:** To work on the mindset of individuals and emphasize the importance of interpersonal relationships that naturally exists together in harmony.
- **Ethical Leadership:** To cultivate ethical leadership qualities in students, prepare them to become responsible leaders in their professional and personal lives.
- **Physical & Mental Well-Being:** To promote healthy life style, work life balance and harmonious relationships with right understanding and code of conduct.
- **Environmental Sustainability:** To instil an understanding of the importance of sustainability, environment protection and social welfare among stakeholders.
- **Community Engagement:** To build connection with the local community and address societal issues such as inequality, poverty and environmental degradation.
