EVENT OVERVIEW:

The Launch and Inaugural of Google Developer Student Clubs (GDSC) at Atmiya University, held on 23th August 2023, marked a significant milestone for the university's tech community. With over 350+ attendees, including students, faculty, and guests, the event was a resounding success, setting the stage for a vibrant and engaging journey ahead.

Registrar
Atmiya University
Rajkot

EVENT HIGHLIGHTS:

The event commenced with a warm welcome speech by Dr. Shiv Tripathi, the Vice Chancellor of Atmiya University, who expressed his enthusiasm for the establishment of the first GDSC chapter at the university. The audience was then engaged in a lively quiz, cleverly revealing the name of the club, "Google Developer Student Clubs, Atmiya University."
The club has unveiled its vision and mission as follows:

Our mission:

> "Atmiya University GDSC chapter is looking towards to contributing efforts and time in peer learning, development of students in technical and non-technical aspects through arranging various events and activities with very positive mindset of enlarging community."

Our vision:

> "आ नो भद्रा: क्रतवो यन्तु विश्वत:" (Let noble thoughts come to us from all and every direction in the universe)

> Our vision is centered around cultivating innovative ideas and addressing diverse societal challenges through a multidisciplinary approach. By doing so, we aim to make tangible contributions to both the nature and society.

One of the highlights of the event was the introduction of a bot named Alex, created by the club's team, which provided an insightful overview of GDSC to the audience, highlighting its objectives and benefits.

The event also featured an expert talk by Dr. Avisek Lahiri, a Google software engineer with a Ph.D. in Generative Deep Learning, who engaged the audience in an interactive question and answer session, sharing valuable insights and experiences from his journey in the tech industry.

An introductory video was showcased, introducing the core team members of the club along with their brief intros and roles, setting the stage for the club's future activities and initiatives.

Additionally, the faculty mentors of GDSC were introduced during the event, including Mr. Janak Maru, Mr. Piyush Kashiyani, Dr. Rupal Kachaliya, Ms. Meera Shah, and Mr. Anand Tank, who will play a crucial role in guiding and supporting the club's activities.

CONCLUSION:

The Launch and Inaugural of Google Developer Student Clubs at Atmiya University was a momentous occasion, setting the stage for a new era of technological innovation and collaboration at the university. With a strong team of core members and dedicated faculty mentors, GDSC is poised to become a hub of creativity and learning for students interested in technology and development.

"Google Cloud Study Jams Info Session"

Organized By:

Google Developer Student Clubs,
Research, Innovation & Translation,
Atmiya University.

Date: 29th August 2023

Time: 02:30 PM – 03:00 PM

Venue: Main Building, Seminar Hall, Atmiya University.

Event Mode: Offline

No. of Participants: 50

Registrar
Atmiya University
Rajkot

EVENT OVERVIEW:

The Google Study Cloud Jams Info Session served as a platform to educate students about the Google Study Cloud Jams program and the broader importance of cloud technology in the tech industry. The session aimed to motivate students to enrol in the program and provided insights into building a professional online presence through platforms like LinkedIn.

Page 2 of 5

Registrar
Atmiya University
Rajkot

EVENT HIGHLIGHTS:

Agenda:

1. Opening Remarks (15 minutes): The session began with introductory remarks from Nafisa Musani, setting the context for the event and outlining its objectives.
2. Google Study Cloud Jams Program Details (30 minutes): Birva Dave and Yash Parmar, key members of the GDSC Atmiya University team, provided an in-depth overview of the Google Study Cloud Jams program. This segment covered the program structure, enrolment process, and the benefits of participation.
3. Importance of Professional Social Media Presence (10 minutes): Mentor Ripal Ma'am delivered an insightful speech highlighting the significance of maintaining a professional online presence, with a particular emphasis on LinkedIn. Her talk underscored the role of social media in building a strong professional brand.
4. Joining the GDSC Chapter and LinkedIn (10 minutes): Attendees were encouraged to join the GDSC chapter on https://gdsc.community.dev/ and follow the GDSC Atmiya University LinkedIn page to stay updated on upcoming events and the latest technology trends.
5. Interactive Q&A Session (25 minutes): The session concluded with an interactive Q&A segment, where attendees had the opportunity to ask questions, seek clarifications, and engage with the speakers.

Key Takeaways:

1. Understanding the Google Study Cloud Jams Program: Participants gained a comprehensive understanding of the Google Study Cloud Jams program, its curriculum, and the skills it offers. The importance of hands-on experience in cloud technologies was highlighted.
2. Building a Strong Professional Online Presence: Mentor Ripal Ma'am's speech resonated with attendees, emphasizing the significance of LinkedIn and other professional social media platforms for connecting with industry professionals and showcasing one's expertise.
3. Community Engagement and Networking: Attendees were encouraged to actively engage with the GDSC community and follow the LinkedIn page to stay informed about future events, technology updates, and networking opportunities.

CONCLUSION:

The Google Study Cloud Jams Info Session, organized on August 29, 2023, proved to be a resounding triumph, attracting the participation of approximately 50 students. The event successfully achieved its primary objectives, effectively introducing students to the Google Study Cloud Jams program and highlighting the paramount importance of cloud technology in today's landscape. Additionally, attendees gained invaluable insights into the art of cultivating a strong professional online presence.

This event represents a significant milestone in GDSC Atmiya University's continuous endeavours to nurture tech-savvy students and facilitate their growth within the dynamic technology industry. By actively encouraging enrolment in the program and promoting professional networking opportunities, the session has set an optimistic tone for future initiatives and endeavours.

"Programmer's Day Celebration - Git and GitHub Workshop"

Organized By:

Google Developer Student Clubs,
Research, Innovation & Translation,
Atmiya University.

Date: 13th August 2023

Time: 12:00 PM to 01:30 PM

Venue: Seminar Hall, Main Building, Atmiya University.

Event Mode: Offline

No. of Participants: 128

Registrar
Atmiya University
Rajkot

EVENT OVERVIEW:

This report details a session hosted by the GDSC Club, focusing on the introduction of Git and GitHub for developers. The event commenced with a brief introduction, followed by an in-depth exploration of Git fundamentals and its role in version control. Participants actively participated in a hands-on exercise to solidify their understanding. Additionally, the concept of club activity points was introduced, highlighting their significance in fostering member engagement and contribution.

Registrar
Atmiya University
Rajkot

EVENT HIGHLIGHTS:

Following the introduction, the session delved into the fundamental concepts of Git and GitHub, unpacking their significance for developers.

- Demystifying Git: The session didn't just explain Git; it demystified it. Complex concepts like version control systems were elucidated in clear, accessible terms, ensuring everyone grasped the core functionalities.

- Essential Git Commands: Moving beyond theory, the session equipped participants with the essential Git commands needed for effective version control. From initializing repositories to committing changes, pushing, and pulling code, attendees gained the practical skills for seamless collaboration and project management.

- Hands-on Learning: Theory is vital, but practice solidifies understanding. The session incorporated a hands-on exercise, where participants actively applied the learned Git and GitHub principles. This practical engagement fostered a deeper understanding of how these tools function in real-world scenarios.

- Club Activity Points System: The session introduced a unique concept - club activity points. This system serves a dual purpose:

  o Motivation: Points incentivize active participation and contribution within the club. Members are encouraged to engage, knowing their efforts are recognized.

  o Personalized Contribution: Points unlock opportunities and responsibilities tailored to individual interests and skill levels. This allows members to contribute in ways that align with their strengths and passions.

Key Takeaways:

This report highlights five key takeaways from the session:

1. Importance of Version Control: The session underscored the critical role that version control plays in software development. By using Git, developers can track changes, revert to previous versions, and collaborate effectively.
2. Power of GitHub for Collaboration: GitHub's capabilities as a platform for code hosting, sharing, and collaborative development were highlighted. This platform streamlines teamwork and innovation within development teams.
3. Mastery of Essential Git Commands: Participants gained practical experience with foundational Git commands, equipping them for real-world version control tasks.
4. Value of Hands-on Learning: The hands-on exercise served as a crucial element in solidifying understanding and reinforcing the theoretical concepts discussed.

CONCLUSION:

In conclusion, the GDSC Club's session on Git and GitHub successfully introduced participants to these fundamental developer tools. The event's structure, encompassing a clear introduction, in-depth exploration of Git functionalities, practical application through hands-on exercises, and the introduction of a motivating club activity point system, ensured a well-rounded learning experience. By demystifying Git concepts and equipping attendees with essential commands, the session empowered them to leverage version control for effective collaboration and project management. This informative and engaging session provided valuable insights into the world of Git and GitHub, laying the groundwork for participants to further explore these powerful tools.

EVENT OVERVIEW:

The "Workshop on Basics of GitHub," convened on September 21, 2023, at Atmiya University, served as an instructive platform for around 100+ students. Its core objective was to elucidate the foundational principles of GitHub, fostering an adaptable understanding among attendees in version control and collaborative software development. The meticulously crafted agenda encompassed pivotal aspects such as account initiation, repository administration, utilization of GitHub Pages, and collaborative development methodologies. Through structured sessions and interactive engagement, participants acquired practical skills essential for proficient utilization of GitHub in their academic and professional pursuits, thereby enhancing their capabilities for effective project management and collaborative endeavors.

Page 2 of 10

EVENT HIGHLIGHTS:

Agenda and Activities :

The event commenced with a warm welcome and registration, followed by an introductory session led by Professor John Doe, a seasoned expert in software development and version control systems. Professor Doe provided an overview of the workshop's objectives and highlighted the significance of GitHub in modern software development practices.

Speaker :

Akshit Vadher, an esteemed Student at Atmiya University, served as the primary speaker for the workshop. With his extensive knowledge and expertise, Akshit Vadher effectively guided participants through various aspects of GitHub, ensuring a clear understanding of concepts and practical applications.

Sessions and Hands-on Training :

The workshop comprised several sessions, each focusing on different aspects of GitHub. Participants learned how to create GitHub accounts, set up user profiles, navigate the GitHub interface, and manage repositories effectively. A dedicated session on GitHub Pages introduced attendees to the concept of hosting websites directly from GitHub repositories. Hands-on training sessions allowed participants to apply their newfound knowledge, creating and customizing websites using GitHub Pages.

Interactive Quizzes :

Throughout the workshop, interactive quizzes were conducted to reinforce learning and engage participants actively. Quizzes covered topics such as repository management, collaborative development, and GitHub Pages customization. Participants enthusiastically participated in the quizzes, showcasing their understanding of GitHub concepts.

Outcomes and Results :

The workshop concluded with an interactive Q&A session, during which participants had the opportunity to seek clarification on any doubts or queries. Attendees expressed satisfaction with the workshop content and appreciated the hands-on training provided. The event's success was evident in

Page 3 of 10

the positive feedback received from participants, who expressed their eagerness to apply their newfound skills to real-world projects.

Result of Winners :

As a token of appreciation for active participation and outstanding performance in the quizzes, prizes were awarded to the top performers. The winners demonstrated exceptional knowledge and proficiency in GitHub fundamentals, showcasing their commitment to learning and development.

CONCLUSION:

In conclusion, the "Workshop on Basics of GitHub" held at Atmiya University on September 21, 2023, was a remarkable success, leaving a lasting impact on the participants and fostering a deeper understanding of version control and collaborative software development using GitHub. Through insightful sessions, hands-on training, and interactive quizzes, attendees gained practical skills and knowledge essential for leveraging GitHub effectively in their projects and future endeavors. The event not only provided a comprehensive overview of GitHub's fundamental concepts but also instilled confidence in participants to explore and utilize its features confidently. Overall, the workshop served as a valuable platform for learning, networking, and skill development, reinforcing the importance of continuous learning and adaptation in today's dynamic technological landscape.

"Inter College Hackathon"

Organized By:

Google Developer Student Clubs,
Research, Innovation & Translation,
Atmiya University.

Date: 29th September, 2023

Time: 08:00 AM – 08:00 PM

Venue: Main Building, Pharmacy Hall, Atmiya University.

Event Mode: Offline

No. of Participants: 250

Registrar
Atmiya University
Rajkot

EVENT OVERVIEW:

Inter College Hackathon, held in a spacious hall, provided a platform for over 150 participants to showcase their technical skills, foster innovation, and collaborate within the GDSC community.

The hackathon featured an opening ceremony graced by dignitaries, and enthusiastic participation from local and outside participants. Amidst technical challenges addressed promptly, participants engaged in judging rounds evaluated by industry professionals.

Breaks for refreshments, a fun activity, and networking opportunities were incorporated. The event culminated with the announcement of winners in three categories, recognized for their projects utilizing cutting-edge technologies like Unreal Engine, Flutter, AWS, and React.

Participants received certificates, while a robot added a futuristic touch to certificate handling. Dignitaries delivered motivational speeches, underscoring the importance of participation, collaboration, and innovation in the tech landscape.

EVENT HIGHLIGHTS:

Venue

The hackathon was held in the spacious hall behind the Pharmacy library. 40-45 tables accommodated participating teams. The hall featured logos of cutting-edge technologies, creating an inspiring backdrop.

Schedule

1. Registration & Welcome (7:15 AM): Efficient registration with personalized ID cards. A warm welcome with tea, coffee, and breakfast fostered camaraderie.

2. Opening Ceremony (8:15 AM): Commenced with a prayer. Dignitaries like Vice Chancellor Dr. Tripathi, Registrar Dr. Vyas, Dean Dr. Shukla, and Director Dr. Kothari graced the occasion. Brijraj Kacha emphasized collaborative tech efforts.

3. Enthusiastic Participation: Participants ranged from locals to a surprise attendee from VIT Chennai, highlighting broad interest.

4. Break (10:00 AM): A break allowed participants to recharge energy levels.

5. Technical Challenges: Over 150 participants encountered internet connectivity issues. The technical team led by Pratik Sir promptly addressed these, ensuring a smooth experience.

6. Judge Rounds (12:00 PM & 4:00 PM): A comprehensive judging process featured professionals like Pradhyumansinh Jadeja, Bhavesh Javani, and Dr. Sheetal Tank. Two rounds ensured holistic project assessment.

7. Lunch Break (1:00 PM): A well-deserved break for refuelling and informal networking.

8. Fun Activity (2:30 PM): A real-time poll injected fun and engagement.

9. Winner Announcement (6:00 PM): Winners announced with a robot for certificate handling despite a minor runtime issue quickly resolved.

Highlights

1. Robot for Certificate Handling: A futuristic robot for certificate handling, symbolizing innovation. The team's ability to resolve the runtime issue added creativity.

2. Dignitaries & Motivational Speeches: Dignitaries delivered impactful speeches emphasizing participation, collaboration, and innovation in technology, inspiring participants.

Registrar
Atmiya University
Rajkot

Winners

1. Third Place (Team of 7): Crafted a virtual library using Unreal Engine and Blender, demonstrating technical and creative skills.

2. Second Place (Team of 7): Developed an event management app with Flutter and Firebase, showcasing app development excellence.

3. First Place (Team of 8): Employed AWS and React for their winning project, showcasing cutting-edge tech proficiency.

All participants received participation certificates acknowledging their commitment.

CONCLUSION:

The GDSC Atmiya 12-Hour Internal Hackathon reached its high point with the announcement of winners. Amidst excitement and applause, the top three teams were awarded cash prizes for their remarkable projects.

Dignitaries then delivered valedictory speeches. They expressed gratitude to organizers, participants, and sponsors who made the hackathon a success. The dignitaries offered encouragement, urging participants to continue pursuing technology and innovation.

Importantly, the speeches highlighted the significance of active participation in such events, emphasizing their role in fostering collaboration, skill development, and problem-solving within the tech community. Their insights reminded participants of the potential that lies in dedication, teamwork, and cutting-edge technologies.

As the event concluded at 08:00 PM, a sense of accomplishment and camaraderie filled the air. Participants exchanged ideas, shared experiences, and made connections that would shape their future endeavours. The hackathon provided a platform for showcasing technical skills and cultivated an environment celebrating innovation and personal growth within the GDSC Atmiya University community.

This successful event marked an important milestone in GDSC Atmiya University's efforts to inspire and empower the next generation of tech enthusiasts and innovators. The energy, passion, and collaborative spirit witnessed set the stage for more such endeavours, paving the way for a future of boundless innovation.

EVENT HIGHLIGHTS:

1. Unveiling of Tech Tales:

The event commenced with the grand unveiling of Tech Tales, a platform designed to showcase the latest trends, innovations, and stories shaping the world of technology. Attendees were treated to a sneak peek into the inaugural issue, featuring insightful articles curated by a team of dedicated contributors.

2. Welcome Address:

A warm welcome was extended to all participants by the organizing committee, expressing gratitude for their presence and support. The speakers emphasized the magazine's mission to foster collaboration, knowledge sharing, and intellectual discourse within the tech community.

3. Keynotes of Magazine:

The frist part of Magazine contained the detailed introduction to the team behind GDSC at Atmiya university which was written and concluded by GDSC Lead – Birva Dave, and also the team members. Which was followed by the section of AI/ML lead, Brijraj Kacha, which was an overview of an event previously conducted by GDSC and was hosted by an AI, operated by voice commands. The following section was by Web Development lead of GDSC, Nafisa Musani, which was a informative section based on DSA (Data Structures & Algorithms). The Fourth Section was by another Web Development lead, Vivek Bopaliya, which was again glimpse of the past events organized by GDSC at Atmiya university. The following Section was by Data Analyst Lead, Rajveersinh Zala, which was again an interesting informative part of magazine giving the information about the role and job of Data Analyst. This was followed by a section written by App dev. Leads, Yash Parmar & Rakesh Chandrapal, which provided an insight on their SSIP hackathon journey. This was followed by a section about the previous events at GDSC.

EVENT OVERVIEW:

The Google Solution Challenge 2024 introduction event set the stage for an exciting hackathon journey focused on advancing the Sustainable Development Goals (SDGs) through innovative solutions. That is organized by Google itself. Attendees received comprehensive guidance on the application process, project criteria, and the significance of aligning their ideas with global sustainability objectives. The top 3 will not only get stipends but as well as mentorship from experts from Google. With a spotlight on fostering collaboration, the introduction of a Reddit-style platform aimed at connecting members of Google Developer Student Clubs (GDSC) proved instrumental in facilitating team formation and knowledge sharing among participants. The event balanced informative sessions with engaging activities, ensuring an energetic atmosphere that encouraged active participation and left a lasting impression on everyone involved.

Throughout the event, speakers, including key organizers, delivered a mix of practical insights and engaging content, maintaining a lively ambiance that diverged from traditional classroom settings. By infusing elements of excitement and camaraderie, the event fostered a sense of belonging and teamwork among attendees, making it a memorable and enriching experience as they embarked on their journey towards the Google Solution Challenge 2024.

EVENT HIGHLIGHTS:

Excitement for Learning:

     Since it was the first event of the new semester, everyone was really excited to learn new things. Happening just five days into the semester, it helped to keep the GDSC community active and connected right from the start.

Engaging Presentation:

     Even though the event was expected to be kind of boring, the speakers made it really interesting and fun. They kept things lively and funny, so everyone stayed interested and involved the whole time.

Website Launch:

     When they introduced the Reddit-style website, it was a big hit. Within less than an hour after the event, the website got over 100 hits, and everyone hurried to create an account. It quickly became a hotspot for collaboration and networking among participants.

Audience Engagement:

     People in the crowd asked some really good questions, especially about how to pick a problem for a hackathon. The speakers did a great job of answering these questions in a practical way, giving tips on finding real-life problems and coming up with solutions. Their answers sparked some awesome discussions and got everyone thinking creatively.

CONCLUSION:

As the event drew to a close, it was clear that it had been a hit. With laughter echoing and minds buzzing with ideas, attendees left feeling inspired and energized. The blend of informative talks and fun-filled moments made it more than just your average gathering; it was a vibrant exchange of knowledge and camaraderie.

With the launch of the new website, the excitement didn't end there. The promise of future collaborations and shared experiences lingered in the air, setting the stage for an exciting journey ahead. As participants dispersed, they carried with them not only new insights but also a sense of belonging to a community united by a common passion for innovation and making a positive impact on the world.

"TECH TALES DECEMBER EDITION"

Organized By:

Google Developer Student Clubs,
Research, Innovation & Translation,
Atmiya University.

Date: 1ST January 2023

Time: 6:00 PM

Venue: - Google Meet

Event Mode: Online

No. of Participants: 8

Registrar
Atmiya University
Rajkot

EVENT OVERVIEW:

Welcome to the grand launch of "Tech Tale's December Edition, brought to you by the Google Developer Student Clubs at Atmiya University, which was held on 1st January 2024. This edition had a theme based on Christmas, and also, it's design and all made it look more like a festival.

Registrar
Atmiya University
Rajkot

EVENT HIGHLIGHTS:

As soon as the event started, the team revealed the theme and the design of Tech Tale's December edition, which was based on the Christmas theme. All the participants were very excited to read it as it contained many exciting topics. The first topic was an informative part providing all the necessary information on the Google Solution Challenge, which was written by the GDSC lead at Atmiya University, Birva Dave. The following section was on real-world software development by, of course, the Web Dev lead of GDSC, Nafisa Musani. Just after this section, there comes the section of another Web Dev lead of GDSC, Vivek Bopaliya, which pointed out the attraction towards the current dry job market. This was followed by a very interesting section of D.I.Y. (Maker's lab), a brilliant idea by the AI/ML lead of GDSC, Brijraj Kacha, in which the reader was given an activity to create a circuit with a predefined water level. This section had every small description required to make it, along with its estimate. The following section was by Rajveersinh Zala, Data Analyst Lead, & Smit Surani, Design & Management Lead, sharing their experience of the SSIP hackathon, in which they could make it to the finals conducted at PDEU, Gandhinagar. The following section was on a very important topic in a software developer's career, which is navigating teamwork, explained by Yash Parmar & Rakesh Chandrapal, The App Dev leads. The following part was introduced for the first time: if any reader wants to share their content that could provide some sort of information or could be helpful for the students, they can contact the team and can be published in the next publication. And the last part was a recap of past events' highlights.

CONCLUSION:

In conclusion, the launch of Tech Tale's December Edition on January 1st, 2024, organized by the Google Developer Student Clubs at Atmiya University, marked a significant moment for the tech community. The event showcased a themed edition centered around Christmas, offering attendees a variety of insightful articles and discussions. From informative pieces on the Google Solution Challenge to discussions on real-world software development and teamwork, the event provided valuable learning opportunities for all participants. Moving forward, such gatherings promise to continue fostering collaboration and knowledge sharing within the university's tech community.

"Hacking 101: Ethical Exploration in Cybersecurity"

Organized By:

Google Developer Student Clubs,
Research, Innovation & Translation,
Atmiya University.

Date: 11th January 2024

Time: 12:00 PM – 01:30 PM

Venue: New Building, Seminar Hall, Atmiya University.

Event Mode: Offline

No. of Participants: 67

Registrar
Atmiya University
Rajkot

EVENT OVERVIEW:

Hosted by the Google Developer Student Clubs (GDSC) at Atmiya University, "Hacking 101: Ethical Exploration in Cybersecurity" was a dynamic event held on January 11, 2024. Led by Vivek Chandrasala, a Cyber Crime Investigator, Cyber Security Researcher, and OSINT Expert, the event aimed to provide participants with a comprehensive overview of hacking in the digital age.

Page 2 of 8

Registrar
Atmiya University
Rajkot

EVENT HIGHLIGHTS:

Vivek Chandrasala's session was a perfect blend of information and engagement. He started by defining hacking and delved into the different types of hackers, stressing the importance of ethical hacking. Vivek highlighted the skills and steps required to become an ethical hacker, offering valuable insights into the field.

One of the key features of the event was the practical demonstration conducted by Vivek. He showcased various hacking techniques, including Google Dorking, Reconnaissance (RECON), and Open-Source Intelligence (OSINT), providing participants with a hands-on experience. Moreover, Vivek included a special section for tasks, allowing attendees to apply the concepts learned in real-time scenarios, enhancing their understanding and practical skills.

Vivek's presentation style, filled with humour and relatable memes, kept the audience engaged throughout the event. His ability to simplify complex concepts and make them accessible to all attendees was commendable. Additionally, Vivek provided valuable advice on how to protect oneself from cyber threats, empowering participants with practical knowledge to stay safe in the digital world.

EVENT OVERVIEW:

Code Carnival 2024, a national-level hackathon, was orchestrated by the Google Developer Student Clubs (GDSC) at Atmiya University. Taking place on March 2nd and 3rd, 2024, the event attracted 525 participants and 160 teams from across the nation. All planning and execution by the GDSC team ensured a smooth and seamless experience for all involved, laying the foundation for a remarkable display of innovation and technical expertise.

Registrar
Atmiya University
Rajkot

EVENT HIGHLIGHTS:

- Inaugural Function: The start of Code Carnival 2024 was marked by a grand opening ceremony, where participants, and honoured guests gathered to kick off the event with speeches and excitement.

- State Recognition: Code Carnival had over 525 participants forming 160 teams. This diverse group of students came together to share their passion for technology and problem-solving.

- Diverse Participation: Code Carnival 2024 attracted a diverse pool of participants. Teams from various parts of Gujarat and beyond showcased their enthusiasm, with 2 teams traveling from outside Gujarat, and 9 teams from beyond Rajkot. Additionally, 64 teams from different educational institutions contributed to a vibrant exchange of ideas.

- Varied Team Structures: Teams displayed diverse structures, with 84 consisting of 4 members, 31 with 3 members, and 11 with 2 members. Notably, 7 individuals courageously participated solo, demonstrating independence and technical prowess.

- Comprehensive Problem Set: The hackathon presented 41 problem statements covering a wide range of fields such as education, healthcare, and cybercrime prevention. This diversity ensured that participants could find challenges aligned with their interests and creativity.

- Creativity and Innovation: Each team showcased unique problem-solving approaches, impressing judges with their creativity and technical skills.

- Impactful Ideas: Specific problem statements like the Student Portfolio Hub and Campus Event Planner resonated deeply with participants, inspiring innovative solutions with the potential to revolutionize campus life and empower students.

- Intense 36-Hour Hackathon: The core event, a 36-hour hackathon, provided a focused environment for intense innovation, pushing participants to develop solutions within a limited timeframe.

- Supportive Environment: The organizing team ensured participants' well-being and focus with amenities such as five meals, a game zone for stress relief and team bonding, operational overnight canteens, and a designated selfie point, fostering a vibrant and collaborative atmosphere.

Registrar

Rajkot

☐ Exceptional Solutions: The hackathon yielded a harvest of innovative solutions recognized by judging panels, highlighting the immense potential and talent among participants.

☐ Valedictory Function: As Code Carnival 2024 came to a close, participants, judges and organizers gathered once again for the valedictory function. Here, they reflected on the journey of the hackathon and celebrated the efforts and achievements of all involved.

☐ Recognition and Motivation: Winners were honoured with prizes and participation certificates, serving as a well-deserved recognition of their achievements and motivating them for future endeavours.

☐ Celebrating Technology: Code Carnival 2024 celebrated creativity, collaboration, and a shared passion for technology. It provided a platform for students to showcase their talent, learn from each other, and push the boundaries of innovation.

Event Report

for

"Become a next GDSC Lead at Atmiya University"

Organized By:

Google Developer Student Clubs,
Research, Innovation & Translation,
Atmiya University.

Date: 15th March, 2024

Time: 06:00 PM – 07:00 PM

Venue: Google Meet

Event Mode: Online

No. of Participants: 12

Registrar
Atmiya University
Rajkot

EVENT OVERVIEW:

The event "Become the Next GDSC Lead at Atmiya University" was organized by the Google Developer Student Clubs (GDSC) at Atmiya University on the 15th of March, 2024. It aimed to inform and guide interested students on how to apply to become the GDSC Lead at their university for the upcoming tenure.

Page 2 of 7

Registrar
Atmiya University
Rajkot

EVENT HIGHLIGHTS:

The event commenced with an introduction to the GDSC program and its significance in fostering a community of developers. The speaker elaborated on the application process, which included applying for the GDSC Lead position, appearing for a diagnostic test, getting shortlisted for an interview, and the final announcement of the shortlisted GDSC Leads.

Requirements and Benefits:

Following this, the speaker discussed the essential requirements to become a GDSC Lead, emphasizing the need for candidates to be enrolled in a degree program at a college or university, have a passion for creating impact in the community, commit to the program for one year, possess a strong technical understanding of computer programming and software engineering, and have experience with event planning and leading teams.

The benefits of becoming a GDSC Lead were also highlighted, including professional growth, network expansion, and the opportunity to contribute to community building.

Q&A Session:

The event concluded with a question-and-answer session, where participants had the opportunity to clarify their doubts and interact with the GDSC team. This session facilitated a deeper understanding of the responsibilities and expectations associated with the role of a GDSC Lead.

CONCLUSION:

In conclusion, the "Become the Next GDSC Lead at Atmiya University" event provided valuable insights into the application process, requirements, and benefits of becoming a GDSC Lead. The event was well-received by the attendees and served as a stepping stone for students interested in taking on leadership roles within the GDSC community.
