3.6.1	Outcomes of extension activities in the neighborhood community in terms of impact and sensitizing the students to social issues and holistic development, and awards received during the last five years.
-------	---

National Service Scheme

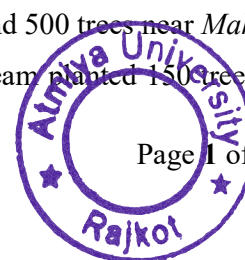

The NSS Unit of Atmiya University has been at the forefront of numerous impactful activities that have benefited the community, environment, and society. Through a combination of health, environmental, and social awareness programs, these initiatives have made significant contributions to improving lives and fostering a sense of responsibility among students and the broader community.

Blood Donation Activities

One of the most impactful ongoing initiatives is the organization of blood donation camps. These camps have consistently helped address critical blood shortages and saved countless lives. The camp during *Vikata Mahotsav 2023* collected 80 bottles of blood, and the *Lambodar Mahotsav 2022* camp collected 218 bottles. The camp held in *memory of Late Kashyap Khira* in 2024, and the *2021 camp* in collaboration with Nathani Blood Bank, collected an impressive 488 bottles of blood. Similarly, the *Ekdant Mahotsav 2019* camp collected 223 bottles. These camps have not only provided a steady supply of blood during emergencies but also raised awareness about the importance of blood donation, encouraging community service and fostering a culture of empathy and social responsibility among students and faculty.

Tree Plantation Activities

The NSS Unit, in collaboration with various NGOs, has also played a crucial role in promoting environmental sustainability through tree plantation drives. On 16-07-2023, 1,000 trees were planted at Paddhari, followed by another 150 trees at Parevada on 23-08-2023. These efforts contribute significantly to combating climate change by enhancing green cover, improving air quality, and supporting local biodiversity. Other notable plantation activities include planting 500 trees at *Sanjari Masjid, Rajkot* on 25-06-2022 and 500 trees near *Mahila College Underbridge* on 11-09-2022 and 18-09-2022. In 2019, the team planted 150 trees at

 ATMIYA UNIVERSITY	NAAC – Cycle – 1 AISHE: U-0967	
	Criterion 3	R, I & E
	KI 3.6	M 3.6.1

Aarsh Vidhya Mandir, Munjaka, and 500 at Bhangeshwar Mahadev, Tithava, Wankaner. These initiatives not only improved local ecosystems but also raised awareness about the importance of sustainability, promoting long-term environmental conservation and a commitment to ecological balance.

Health Initiatives and Social Awareness

The NSS Unit has also organized impactful health and social awareness programs. The *Eye Check-up Camps* in collaboration with Netradeep Maxivision Super Speciality Eye Hospital and Aadhya Eye Hospital provided free eye check-ups to 481 individuals from 03-10-2022 to 07-10-2022, and 200 students on 22-07-2023. These camps helped raise awareness about eye health and facilitated early detection of vision issues, offering crucial health services to students and the community.

In addition, the *Food Planet Health Webinar* promoted sustainable food practices and healthy lifestyles, while the *National Youth Convention on the 125th Anniversary of Ramakrishna Mission* inspired youth to embrace values of service and spirituality. The *Earthquake Mock Drill* raised disaster preparedness awareness, equipping students with life-saving skills in case of emergencies. The *Rakshin Webinar on Child Sexual Abuse - POSCO Act 2012* informed participants about child protection laws, while the *Today's Youth for Yesteryear's Youth Workshop* fostered empathy and intergenerational connections, allowing students to engage with elderly community members. These programs have contributed to the holistic development of students, equipping them with leadership skills, social responsibility, and a sense of empathy.

Conclusion

Through these diverse initiatives, the NSS Unit of Atmiya University has significantly impacted both the local community and the broader environment. Whether through blood donation, environmental conservation, or health and social awareness programs, these activities have helped save lives, improved health, and encouraged active participation in community service. They have instilled values of sustainability, empathy, and responsibility, shaping students into socially aware and responsible citizens.
