- We began offering virtual reference services, allowing patrons to ask questions and get assistance through chat, email.
- We subscribed to Knimbus and provided remote access for users to our digital resources, providing access to e-books, and academic journals from home.
- Capacity building for research workshops were organized online.
- Access to online databases, research tools were setup on trail basis.
- Virtual events, including Booktalks and panel discussions, allowed patrons to participate in literary and cultural experiences from their homes.
- We conducted the Online Library orientation and also a information literacy program for the UG and PG students
- We also conducted Library sessions for PhD Course work and also faculty induction programs.
- The physical library access was also resumed by following the covid protocol and maintaining the safety measures for both users and staff.
