## "No Drugs Campaign" Awareness Program

To,  
The Registrar,  
Atmiya University, Rajkot

Jai Hind Sir,

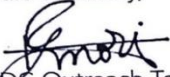

I am writing to you on behalf of Invincible - Youth run NGO. Invincible is India's largest adventure organization. We are having MoU with Atmiya University for youth empowerment.

Invincible has initiated the '**No Drugs Campaign**' with the objective of fostering awareness regarding drug abuse and cultivating a drug-free environment. As part of this campaign, The team has organized a 1100 km cycling and bike ride to engage with the youth across Gujarat. The expedition is set to kick off on January 17, and will culminate on January 26 in Ahmedabad. Over the course of these 10 days, the team will visit various educational institutions to educate and sensitise students on the critical issue of drug abuse.

It is very important that students and youth become aware of drug abuse and its long-term impacts. We are planning to organize 75+ awareness seminars at various schools and colleges during ride. **We kindly request to allow us to organise "Drug Awareness" seminar for students. We need approximate 1 hr to conduct this seminar. Additionally, we have planned a Human Chain event at the race course on the same day. We kindly request permission for students to participate in this event. On the same day, January 18th, we have organized a Cyclothon for Drug Awareness. We kindly request the provision of the ground for the flag-off ceremony for this event in the evening.** This permission to interact with students would aware them and provide a much-needed boost to our awareness campaign efforts.

Willing for a your support! Jai Hind!

Yours Sincerely,

### SATURDAY BOOK TALK

About the Book

Death is a taboo in most societies in the world. But what if we have got this completely wrong? What if death was not the catastrophe it is made out to be but an essential aspect of life, rife with spiritual possibilities for transcendence? For the first time, someone is saying just that. In this unique treatise-like exposition, Sadhguru dwells extensively upon his inner experience as he expounds on the more profound aspects of death that are rarely spoken about. From a practical standpoint, he elaborates on what preparations one can make for one's death, how best we can assist someone who is dying and how we can continue to support their journey even after death.
