OBE RANKINGS 2024

The Outcome-Based Education is necessary in India to transform the education system from a content-driven approach to a learner-centric approach, and to ensure that graduates possess the skills and knowledge that are essential for success in the 21st century. The aim of Outcome-Based Education is to provide students with the knowledge, skills, and competencies required to succeed in their future careers and contribute meaningfully to society. It shifts the focus from merely covering content to ensuring that students develop the desired abilities and achieve specific learning outcomes. Data Submission is accepted through online-portal only.

Rankings published 5 June 2024, See Details!
